Extended Producer Responsibility Plan

Extended Producer Responsibility (EPR) is the responsibility of every producer of electrical and electronic equipment (EEE) for channelization of e-waste to an authorized dismantler / recycler to ensure environmentally sound management of such waste.

We, **BBC COMPUTER WORLD** Being the producer as per E-Waste (management) Rules, 2016, are submitting our detailed EPR plan. We being a good corporate citizen always give priority to compliance and follow all regulations amended time to time by government authorities related to e-waste Management. We hereby submit our EPR plan having details about general scheme of collection, Channelization plan, RoHS compliance details etc.

General Scheme of collection

We have partnered with Greeniva Recycler Pvt. Ltd. registered with Uttar Pradesh Pollution Control Board For management and Dismantling / Disposal of all e waste.

- As a part agreement, Greeniva Recycler Pvt. Ltd. will collect all our E waste generated from PAN India and disposes the same at their plant at Plot No-G-284, M.G. Road, Industrial Area, Hapur, U.P. India
- Greeniva Recycler Pvt. Ltd., our e-waste management partner is having all authorization related e-waste dismantling from UP/CPCB and having all connects related to Air/Water/Hazardous waste. They have capacity of 1500 MT per annum.
- Keeping in view our sales volume and generation of e-waste as per our future e-waste targets and our expansion plan we have decided to follow these mechanisms in our organization for collection of e-waste.
 - As per agreement with Greeniva Recycler Pvt. Ltd. If any customer wants to handover their old product they can reach or call our e-waste recycling partner's Toll Free No 1800-102-4919. Our representatives explain them about process of Disposal and make them aware about nearest drop point available to drop the E-waste also give information about incentive we will offer to them against their end of life product. If any customer wants to handover the material from their door steps we do send either our logistics team or Greeniva Recycler Pvt. Ltd Team to collect the items and channelize the same to our e-waste partner plant for final processing.

Proposed producers awareness and allied initiatives

Each and every customer I'd advice and create awareness about how can we handle the electronic goods and channelize it to approved E-waste recyclers/dismantler as per E-waste Management rules 2016. Lack of awareness among various stakeholders about the ill effects of the end of life products (e-waste) is the major concern in our country. For reducing the adverse impact on environment and health we need to initiate sustainable mechanism to create awareness among the stake holders.

BBC COMPUTER WORLD will launch awareness programme on environmental hazards of electronic waste under EPR Plan implementation we are planning to provide financial support For conducting various awareness programmes by academic institutions, industry association And professional organization for organizing workshops/ seminars for school/collage/ resident that they can provide information regarding buy-back programme system of **BBC COMPUTER WORLD** and main campaign material for wide circulation on ill effects associated with e-Waste.

An e-waste awareness manual can be provided to consumers for handling e-waste with proper guidelines as port e-waste. Management rule 2016.

We also try to provide awareness to all by means of social media like Facebook, and providing advertisement and posters so that each and every customer would be aware about How to handle the E-waste. We will also do the following activities:

1. **Social Media:** We also try to provide awareness to all by the means of social media like Facebook, and providing advertisement and posters so that each and every customer Would be aware about how to handle the E-Waste.
2. **Workshop:** We will also conduct region wise awareness programme and workshops at specific period of time and invite various stakeholders to attend the same and we Spread awareness about our stakeholders about benefits of the recycling of electronic goods.
