

Clarification on list of required information/documents

Pt no 7 vi & pt no 9 (Mechanism of buy back & awareness programmes)

Response-

We would like to clarify that Canon India Pvt Ltd keep on coming up with buy back schemes for our Customers . Such schemes are dynamic & keep changing from time to time.

For B2B Customers we offer additional discount to our customers in exchange of used printers which we pick up & give it to our authorized recycler for recycling in environment friendly manner.

For B2C customers also we will be coming out with schemes where we give additional discount in exchange of old printers. We are enclosing the below proofs for one such scheme which is currently running...

- Tent card, Poster, Dangers to be placed at retail counters.
- Snapshot of our webpage which has the information on the buyback scheme
- Face book page of Canon India Pvt Ltd showing the buyback scheme information

We hope the above clarification & attached evidences should be sufficient to justify our effort towards collection of E-Waste & also creating awareness among our customers to return the E-Waste to us.

Pt no 7 xii (Link related to EPR related information should be given prominent place on home page)

Response-

As covered in annexure-F i.e proposed awareness programs we would once again like to clarify that we have given the below link in our product manuals, tent cards, product catalogues...

www.canon.co.in/environment

This link straight away takes to our webpage which has detailed information on our compliance towards E-Waste Management Rules & infrastructure created for return of E-Waste by customers.

Post our discussion in CPCB training program dt 23rd Feb17 we have once again taken up the matter within the organization & confirm that we will give our sincere effort in creating a link related to EPR on our home page shortly.

Pt no 8 vi & viii (Estimated budget for EPR for Recycling & ROHS Testing)

Response-

We have already given budget for EPR in annexure-E of our application. As informed by most of the members in CPCB training program we would like to reconfirm that recycler does not charges us for recycling of E-Waste hence there is no need of any specific budget for this activity. Recycler is picking bulk E-Waste from our stores /warehouse free of cost however we have to spend on reverse logistics of E-Waste from locations which are other than our stores/warehouse & we have already budgeted the cost in the head of channelisation (including cost of reverse logistics).

Regarding the budget for ROHS testing we would like to reaffirm that our products are ROHS compliant & we comply with ROHS like laws in accordance with EN 50581. We understand that CPCB would shortly be coming out with clear guidelines on ROHS hence at this stage it is very difficult to give budget on ROHS. We would provide the required information once the guidelines on ROHS is published by CPCB.

Pt no 9 (Awareness program for consumers like no of workshop, buy back scheme)

Response-

We have already captured proposed awareness programs in annexure-F of our application. Kindly refer to our response on pt no 7 & pt no 9 on top which mentions our effort in creating awareness to all consumers for our buy back scheme .We would like to confirm that almost all of our products are used by consumers who are literate enough to refer to our website or call our customer support helpdesk for required information on E-Waste. We would further be training our help desk staff & collection points in answering all queries related to E-Waste. Also our engineers while installing the machines do inform customers on return of end of life machines to us for recycling in environment friendly manner.

Pt no 10 (Declaration that technical documents on ROHS are available with all producers)

Response-

We confirm that Technical documents on ROHS are available with us.

Pt no 11 i & ii (Copies of agreement with dealers & collection centers/collection points)

Response-

Kindly refer to the extracts of 57th TRCC meeting which clarifies that collection points should be outside the scope of collection centers & even dealers would act as collection points. Also the 56th TRCC meeting document issued by MOEF mentions that only list of collection points need of given which we have already provided in our EPR application hence the requirement of agreement document with collection points should not be applicable .We do not have any collection centers.

We are still enclosing a sample agreement which we sign with our collection point which covers the clause of E-Waste collection by them. Hope this would suffice the requirement (Refer Page 12)

Annexure-C

Overall Scheme to fulfil Extended Producer Responsibility

Canon India Pvt Ltd has set up various models for collection of E-Waste as under.....

Buy Back Scheme-

Canon India Pvt Ltd has set up buy back scheme for select models of printers .Customer can trade-in old machine while buying new machine from Canon India & in turn get discount on the new machine .This model is widely accepted by customers & help Canon India Pvt Ltd get used machines in return which we ultimately hand over to authorized recycler for recycling them in environment friendly manner.

Collection Points-

Canon India Pvt Ltd has made "Canon image squares" & "Canon care centers" as collection points of E-Waste. List of collection points is visible on Canon India website .Any customer can go to Canon India web-site & check the nearest collection point & drop the E-waste from where it is collected by authorized recycler of Canon India Pvt Ltd for recycling in environment friendly manner.

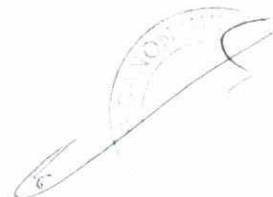

To be provided on Home page
No visibility we have to search → *No easy access.*

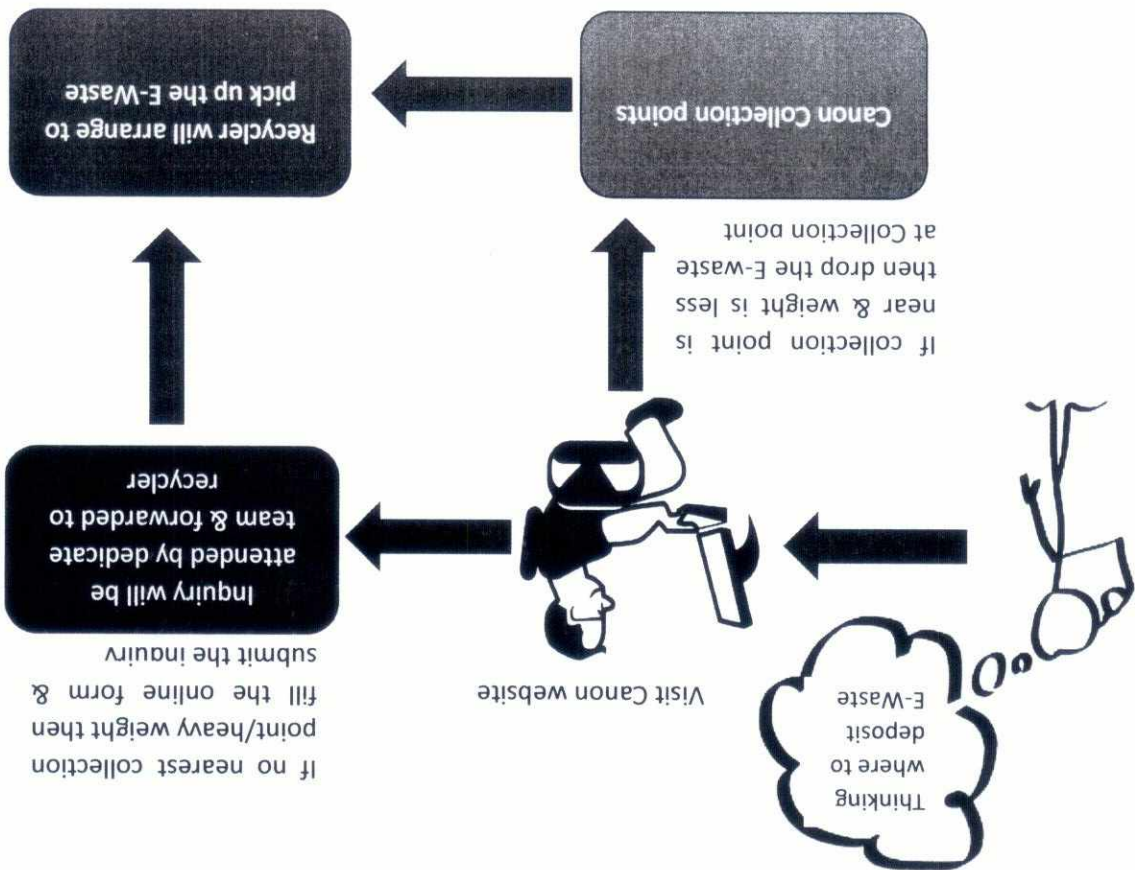

Rental return machines-

Canon India Pvt Ltd delivers select models of printers to customers on rental for which rental agreement is signed. Machines are given for a contractual term & once the contracted term is completed, customer may have the option of extending the contract depending on the status of machine or the machine is returned back by customer. Canon India hand over the rental return machines to authorized recycler for recycling in environment friendly manner.

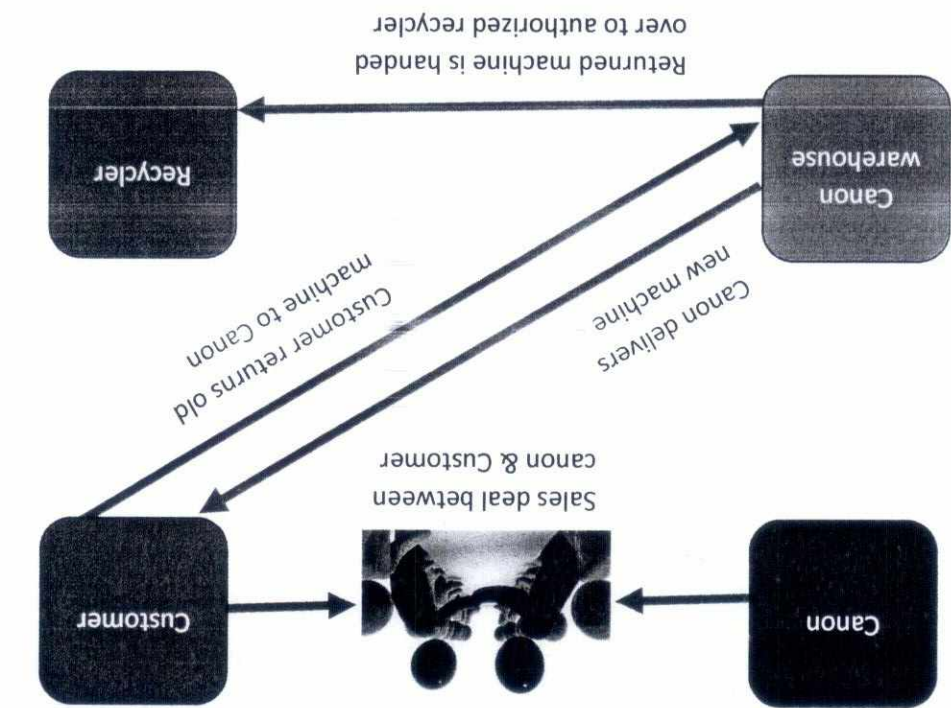

Online form submission for E-Waste pick -

Canon India Pvt Ltd has entered into a contract with recycler for pickup of E-Waste directly from customer place. In case customer cannot drop the E-Waste at our collection points due to weight of E-Waste then customer can call our customer helpline or go to Canon India website & fill the automated form, submit it online after filling some mandatory details .The said inquiry will come to dedicated team at Canon India Pvt Ltd & the inquiry is allocated to recycler for pickup of E-Waste from customer place.

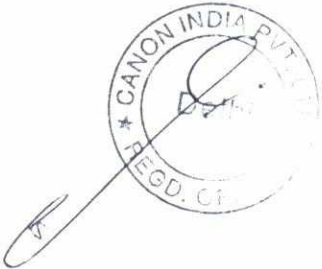

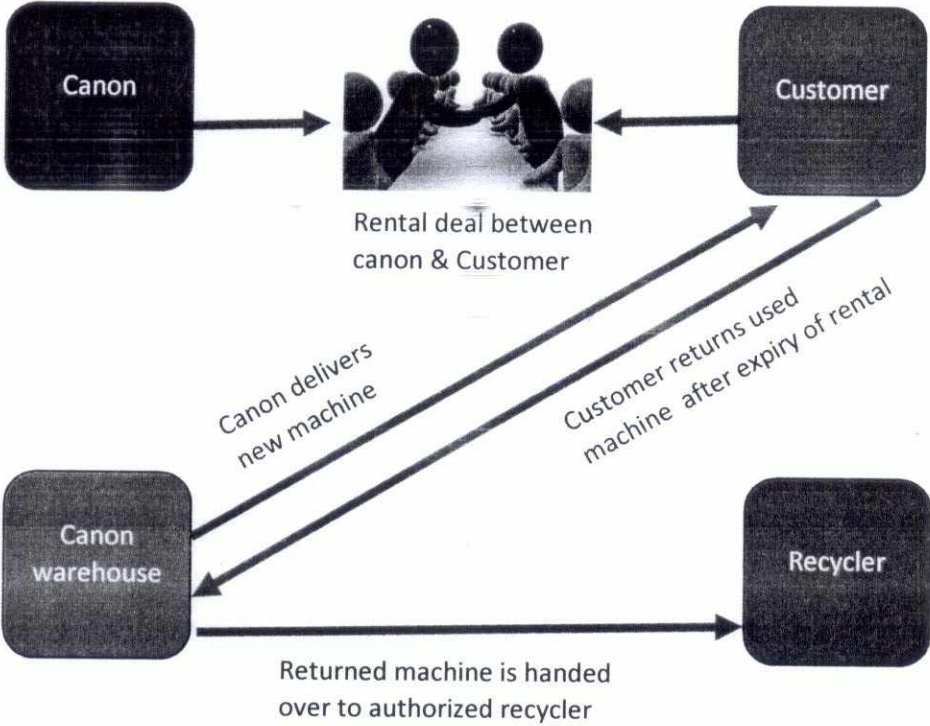

**-Collection Points.
-Online form submission for E-Waste Pick up.**
