

We M/s Forme Communications Technology India Pvt Ltd being the producer as per E-waste (management) Rules,2016, hereby pleased to submit our detailed EPR plan. We being a good corporate citizen always give priority to compliance and follow all regulations amended time to time by government authorities related to e-waste management. As per the requirement of new E-waste management Riles, 2016 we have taken several steps to implement the same as per guidelines issued by CPCB. We hereby submit our EPR plan having details about general scheme of collection, channelization plan, ROHS compliance details etc.

Brief on general scheme of collection

It is assumed that the main task is keeping the high amount of collecting the used mobile phones when the scheme is carried out. It would be ideal if high volume is collected at no cost. However, considering that there is no regulations regarding recycle, they are distributing as used items according to market principles, high volume of collecting them is hard to expect, and it will be high cost accordingly. In this case, basically organizations on the spot (the environmental agency, service providers, and makers) should bear the expense of collecting them, although it will be needed for organizations to meet to discuss as for the reasonability for the cost in the future. Especially, positive involvement in increasing awareness for environmental issues to people is expected, the involvement by makers is needed in terms of EPR. It is recommended that taking the strategy that it participates in campaign, of which the part of the cost it will bear, or buys the used mobile phones at first, and it will lead to increase the awareness or the amount of collecting them including stock in home.

Keeping in view our sales volume and generation of e-waste as per future e-waste targets and our expansion plan we have decided to follow some mechanism in our organization for collection of e-waste.

In case of if our drop point/location is unavailable the proper disposal and/or recycling of electronics, consumers can contact the help-desk (Toll free) at: 1800-102-5679
Email – info@ewri.in, advisor@ewri.in

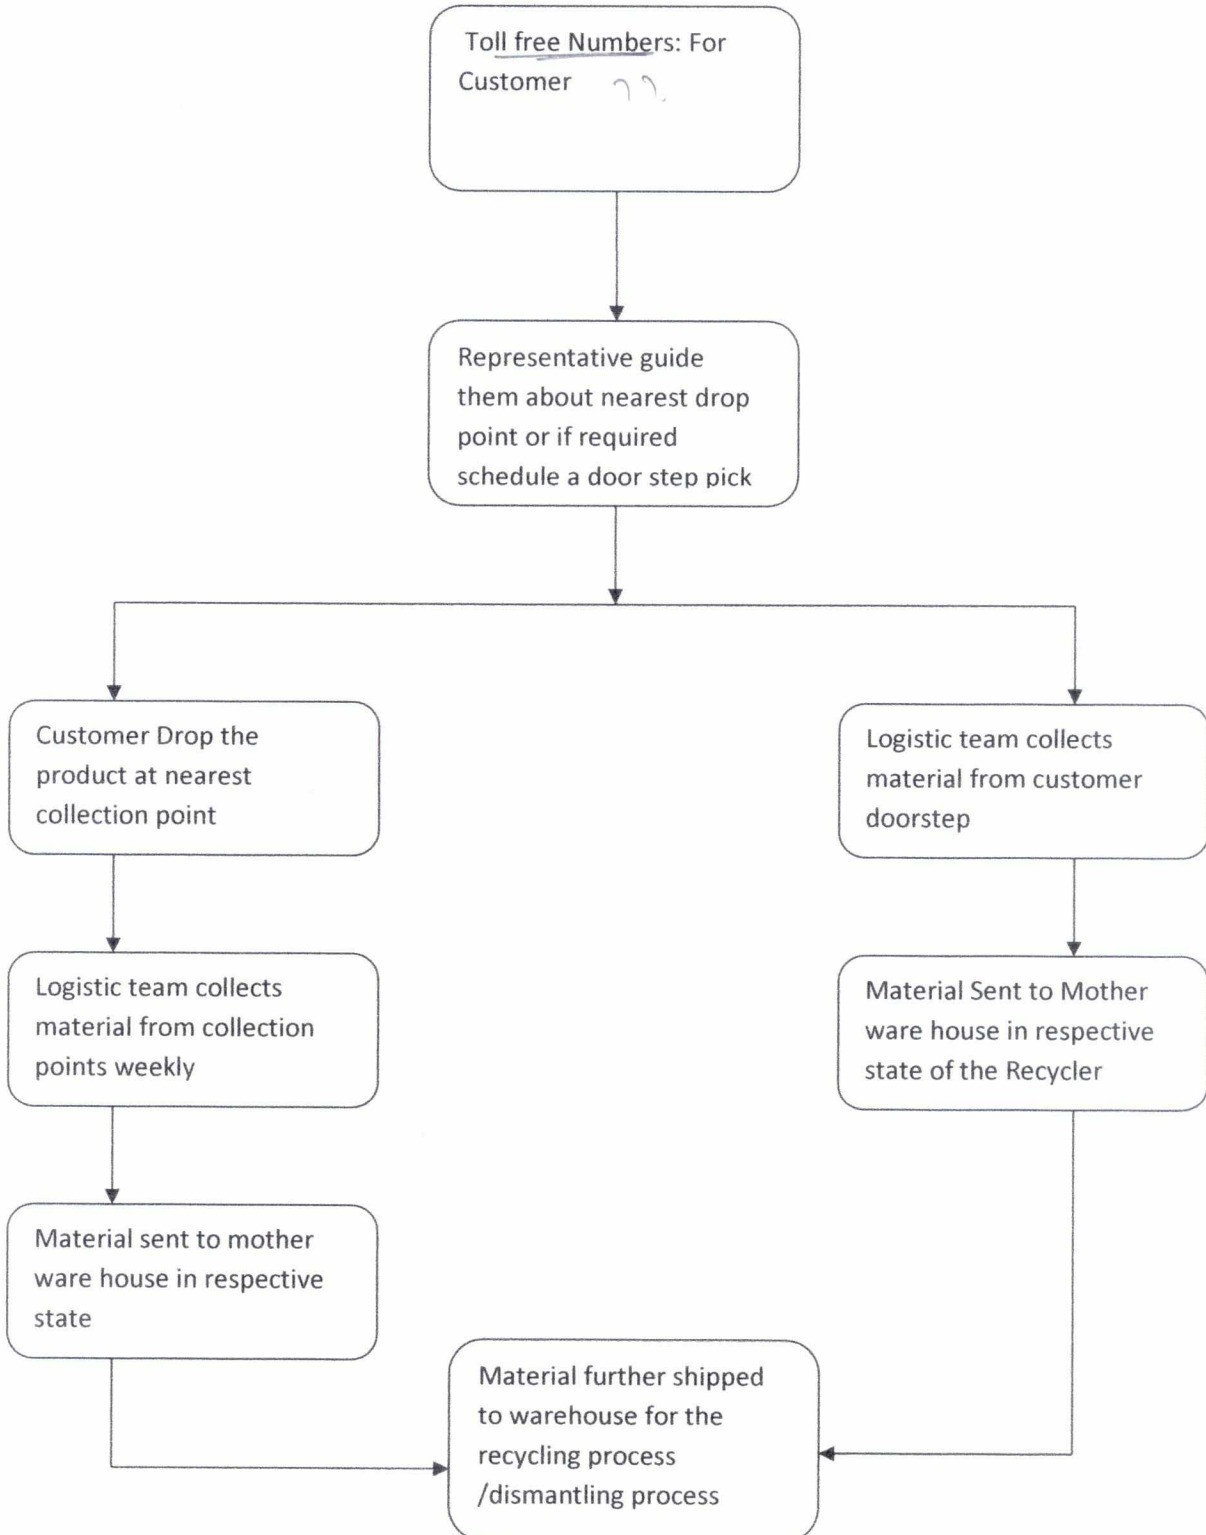

Flow Chart of Channelization

There will be a Toll Free Number where in Recycler /Authorizes Intermediaries can be contacted to locate collection points for returning back the handsets(e-waste) or for arranging pick up of E-waste.

Awareness through website, newspaper advertisement user manual , product package and banner at service centre to warehouse customer about hazardous of improper handling of e-waste as well as to suggest them about e-waste drop points or to schedule a pickup from their step.

We have installed /installing collection bins at centre for collection of old handsets, tablets and accessories, etc and for further channelizing to our e-waste management partner.

Flow Chart

FORME COMMUNICATIONS TECHNOLOGY INDIA PVT. LTD.

Agreements with Authorized Recycler /Dismantlers

Agreement Copy Attached with the Application (Refer)

Estimated budget for Extended Producer Responsibility and Allied Initiatives to create consumer awareness.

The company has decided to allocate a budget per annum for EPR and allied initiatives as below:

Awareness programs, training and advertisement (Digital /Print Media) -	10000 (approx.)
Specific Collection Schemes -	20000 (approx.)
Collection Centre/Points/E-waste Bin Installed Channelization- (Including cost of defective h/s reverse logistics)	20000 (approx.)
Recycler/Dismantler (Which include toll free number charges and channelization cost	50000(approx.)
ROHS Testing (Suppliers)	NA (normally we get From suppliers)
Any other scheme	5000 (approx.)

25/10/27

Specific collection schemes (buy back, exchange,DRS etc)

We maintain a mechanism of incentivizing customers there who wish to return their end of life product (e- waste) whereby if any of our customers want to discard their product they can call us. Once any call received at our number our team directly calls them and makes necessary arrangement to collect the end of life product from their door step and depending upon life of product we incentivize our customer.

Buy back

We propose to have a mechanism of incentivizing customer who wishes to return their end of life product (e- waste) whereby if any customer wishes to discard their product they can directly contact us on our number.

E –waste Exchange

We usually run an e-waste exchange program whereby we encourage our end users to deposit there any old mobile, irrespective of brands we exchange the same with new one after offering some discount.

DRS

We have not opted for Deposit Refund Scheme whereby, though we encourage our end-users to handover their end of life product by incentivizing them in two ways

- 1 Rewarding customers by offering some monetary benefits
2. Offering discounts on new product against submission of old products.

Proposed Awareness Programme

- 1- We have agreed to the terms and policies of the recycler
- 2- We shall encourage our end user to deposit any of their old mobile phones(irrespective of their brand)
- 3- We have collection points meant for collection of material from end user and channelizing the same to our e-waste management partner
- 4- We shall print e-waste related information on job sheet which are being delivers to customer who comes at service centre for product repair
- 5- We propose regularly to conduct awareness drive at all our offices and provide proper training to employees about handling the e-waste
- 6- Affixing a visible, legible and indelible symbol (non-disposal as ordinary waste) on the products or information booklets to prevent e-waste from being dropped in garbage bins containing waste destined for disposal.

- 7- Company is also undertaking awareness programme through website, posters and information booklets.

Website Information

We have maintained a website for the contacts /queries for the e-waste management and supplies.
