DO No. HSPCB/IT-106/2021/11798

Dated: 02-03-2021

Dear,

Sub: Documents/certificates of HROCMMS forged by culprit units - Reg.

Please refer to the above subject and it has come to my notice that some of the units of Haryana are forging the certificates of Consent/ Authorization/ Registration, issued by HSPCB through HROCMMS online portal and submitting to other offices, for their requirements.

In one such case, the CTO was refused, but the same has been forged to a granted certificate and submitted to another office. In another case, the unit was a non-applicant but it has submitted a forged certificate of CTO to RO office itself. After necessary verification from IT CELL HQ it was noticed that these forged certificates are completely similar to online generated Certificate, but are lacking digital signature and we also observed that, mostly, non-applicant/refused units are using such type of documents for their requirement.

I therefore, advise all our Regional officers to be careful and strict instructions may be given to all officials working under you, to be conscious while checking such documents. Since the involvement of some official of the Board itself cannot be ruled out completely and ROs are advised to exercise caution in closely monitoring that angle too. You are also advised to register FIR in all such cases, as has been directed in the above identified cases.

With regards,

S. Narayanan
25/2/21.
