

## Extended Producer Responsibility Plan

### Brief on general scheme of collection

We have partnered with E-waste Solutions registered with Haryana State Pollution Control Board for management and dismantling/ disposal of all our e-waste.

- As a part of agreement, E-waste Solutions will collect all our E-waste generated from PAN India and disposes the same at their plant at Industrial area1A, Industrial Estate, Sector 6, Faridabad, Haryana – 121006
- E-waste Solutions, our e-waste management partner is having all authorization related e-waste dismantling from HPCB/CPCB and having all connects related to Air/Water/Hazardous waste. They have capacity of **1000 MT** per annum.
- Keeping in view our sales volume and generation of e-waste as per our future e-waste targets and our expansion plan we have decided to follow these mechanisms in our organization for collection of e-waste.
- As per our agreement with E waste Solutions if any customer wants to handover their old product they can reach or call our e-waste recycling partner's Toll Free No **1800 123 5313**. Our representatives explain them about process of disposal and make them aware about nearest drop point available to drop the e-waste also give information about incentive we will offer to them against their end of life product. If any customer wants to handover the material from their door steps we do send either our logistics team or E-waste Solutions team to collect the items and channelize the same to our e-waste partner plant for final processing.

**Whether all states covered?**

We will cover all the states in India.

**Specific Collection Schemes (Buyback, Exchange, DRS, etc.):****BuyBack:**

We will have a mechanism of incentivizing customer who wants to return their end of life product (e-waste), whereby any of our consumers want to discard their product. They call on our E-waste helpdesk. Once any call received by our E-waste helpdesk. Our team directly calls them and makes an arrangement to collect the end of life product from their door step and depending upon life of product. We do incentive our customer.

**DRS:**

We are not planning yet to implement DRS for our customers. We will intimate to Central pollution Control Board once we will finalize the same.

**Exchange:**

Exchange facility is offered to every customer. We will give some discount (it's depends on quality of the old product) for exchange their old product with new product so that customer can take benefits of this scheme and we can easily get all the products placed in the market at the end of the life and same will be channelized to recycler for recycling purpose.

**Coupons:** We can also offer coupons for our old customers and they can take benefit of the coupons. These coupons can be discount of specific amount or can be a gift to the customers.

**New Product:** After sales, we will regularly offer our customer about the new products availability and offer our customer to exchange their old products.

## Proposed Awareness Programmes

Each and every customer is advice and creates awareness about how can we handle the electronic goods and channelize it to approved E-waste recycler/dismantler as per E-waste management rules 2016. Lack of awareness among various stakeholders about the ill effects of the end-of-life products (e-waste), is the major concern in our country. For reducing the adverse impact on environment and health we need to initiate sustainable mechanism to create awareness among the stake holders.

Luxaire Appliances will launch awareness programme on Environmental Hazards of Electronic Waste under EPR plan implementation. We are planning to provide financial support for conducting various awareness programmes by Academic Institutions, Industry Associations and professional organizations for organizing workshops/ seminars for schools/ colleges/ Resident Welfare Associations (RWAs)/ Bulk Consumers/ Regulatory bodies, media engagement etc. so that they can provide information regarding buy-back programme system of Luxaire Appliances and making campaign material for wide circulation on ill-effects associated with e-waste.

### 1. Seminars/ Workshops:

We will conduct region wise awareness programme and workshops at specific period of time and invite various stakeholders, School, College, institutions, retailers, dealers, bulk consumers etc to attend the same and we spread awareness about the hazardous content contains the electronics goods. We will also educate our stakeholders, School, College, institutions, retailers, dealers, and bulk consumers about benefits of the recycling of electronic goods.

We are planning for conducting seminar/workshops once in a year in metro cities/ small cities/urban areas/ north-east states.

12/15

## 2. Advertisement:

We will spread awareness by all means of social media like Facebook etc. and will provide advertisements through inserting pamphlets & booklets inside the newspaper so that each and every citizen of India would be aware about how to handle the E-waste.

## 3. Logos:

While packaging the product, we ensure that there will be e waste recycling logos on the packed product.

## 4. User Guide / Booklet/ Brochures:

It will provide to customers for handling e-waste as far as collection and recycling arrangements with proper guidelines as per E-waste management rule 2016.

## 5. Summary of Awareness Program:

Particulars	Details
Seminars/Workshops	Once in a Year
Advertisements	Once in a six month
Logos	On packaging of every product
User Guide/ Booklets/ Brochures	Inside every packed product

### 6. Do's & Don'ts

#### Do's:

- ↓ Always look for information on the catalogue with your product for end-of-life equipment handling.
- ↓ Ensure that only Authorized Recyclers repair and handle your electronic products.
- ↓ Always call our E-waste Authorized Collection Centres/points to dispose products that have reached end-of life.
- ↓ Always drop your used electronic products, batteries or any accessories when they reach the end of their life at your nearest Authorized E-Waste Collection Centres/Points.
- ↓ Always disconnect the battery from product, and ensure any glass surface is protected against breakage.

#### Don'ts:

- ↓ Do not dismantle your electronic Products on your own
- ↓ Do not throw electronics in bins having "Do not Dispose" sign.
- ↓ Do not give e-waste to informal (Kabbadi) and unorganized sectors like Local Scrap Dealer/ Rag Pickers.
- ↓ Do not dispose your product in garbage bins along with municipal waste that ultimately reaches landfills.

### E-WASTE MANAGEMENT

#### Introduction:

Electronic waste (E-waste) is a term to describe electronic products that have become unwanted, non-working or obsolete, and have essentially reached the end of their useful life.

As per E-waste regulations, the E-waste should be collected and electronic equipment, whole or in part discarded as waste by the consumer or bulk consumer as well as rejected from initial buying process and repair processes.

E-waste contains many valuable resources such as aluminum, copper, gold, silver, plastics, and ferrous metals. In order to conserve natural resources and the energy needed to produce electronic equipment from virgin resources, electronic equipment can be refurbished and recycled instead of being discarded.

E-waste also contains toxic and hazardous materials including mercury, lead, cadmium, beryllium, chromium, and chemical flame retardants, which

#### BRIEF ON GENERAL SCHEME OF COLLECTION:

- We have partnered with E-waste Solutions, a leading e-waste management company in India.
- As a part of agreement, E-waste Solutions will collect e-waste generated from PAN India and disposes the same at their plant at Industrial Area, Gurgaon.
- E-waste Solutions has all the necessary permissions related to Air/Water/Hazardous Waste Management and disposal.
- Keeping in view of the above, we have decided to follow these mechanisms for our organization's e-waste disposal.
- As per our agreement with E-waste Solutions, our partner's Toll Free helpline (1800-102-5014) will be available to drop the e-waste also peak hours. Customers can handover the material from their store. They do not need to come to our e-waste partner plant for disposal.
- E-waste Solutions has all the necessary permissions related to Air/Water/Hazardous Waste Management and disposal.
- E-waste Solutions has signed an agreement with Agarwal Packers & Movers Ltd. for reverse logistics.

#### BENEFIT OF RECYCLING OF E-WASTE:

- E-waste contains many valuable resources such as aluminum, copper, gold, silver, plastics, and ferrous metals. In order to conserve natural resources and the energy needed to produce electronic equipment from virgin resources, electronic equipment can be refurbished and recycled instead of being discarded.
- E-waste also contains toxic and hazardous materials including mercury, lead, cadmium, beryllium, chromium, and chemical flame retardants, which can be safely managed and disposed.
- Protects your surroundings - Our recycling plant promotes sound management of toxic chemicals such as lead and mercury, which are harmful to the environment.
- Conserves natural resources - The wastes which are available from old electronics that can be used to make new products. As a result, our e-waste recycling process helps in conserving natural resources.
