E-waste Management

Introduction

Electronic waste, or e-waste, is a term for electronic products that have become unwanted, non-working or obsolete, and have essentially reached the end of their useful life.

As per E-waste Management Rule 2016, the E waste defined as 'electrical and electronic equipment, whole or in part discarded as waste by the consumer or bulk consumer, as well as rejects from manufacturing, refurbishment and repair processes;

Ref. No. **Proposed Awareness Programmes** Date

Each and every customer is advice and creates awareness about how can we handle the electronic goods and channelize it to approved E-waste recycler/dismantler as per E-waste management rules 2016. Lack of awareness among various stakeholders about the ill effects of the end-of-life products (e-waste), is the major concern in our country. For reducing the adverse impact on environment and health we need to initiate sustainable mechanism to create awareness among the stake holders.

M/s Micro Precession Private Limited will launch awareness programme on Environmental Hazards of Electronic Waste under EPR plan implementation. We are planning to provide financial support for conducting various awareness programmes by Academic Institutions, Industry Associations and professional organizations for organizing workshops/ seminars for schools/ colleges/ Resident Welfare Associations (RWAs)/ Bulk Consumers/ Regulatory bodies, media engagement etc. so that they can provide information regarding buy-back programme system of M/s Micro Precession Private Limited and making campaign material for wide circulation on ill-effects associated with e-waste.

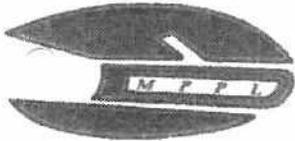

1. Seminars/ Workshops:

We will conduct region wise awareness programme and workshops at specific period of time and invite various stakeholders, School, College, institutions, retailers, dealers, bulk consumers etc to attend the same and we spread awareness about the hazardous content contains the electronics goods. We will also educate our stakeholders, School, College, institutions, retailers, dealers, and bulk consumers about benefits of the recycling of electronic goods.

We are planning for conducting seminar/workshops once in a year in metro cities/ small cities/urban areas/ north-east states.
