### MINUTES OF MEETING OF PUBLIC HEARING

PROJECT	80 MTD FORMALDEHYDE MANUFACTURING UNIT
PROJECT PROPONENT	JRS INDUSTRIES
CATEGORY UNDER EIA NOTIFICATION	5(f)
MEETING VENUE	Factory Premises of JRS Industries, at Village Kohand, Gharaunda, Karnal, Haryana
MEETING DATE & TIME	13.02.2023, 10:00 a.m.
MEETING TYPE	Offline

Minutes of the Public Hearing under the provisions of EIA Notification, 2006 conducted for the Formaldehyde Manufacturing Unit of JRS Industries at village Kohand, Tehsil - Gharaunda, District: Karnal, Haryana - 132103 on 13.02.2023 at 10:00 am in the factory premises

The following Government Officials took part and conducted the Environmental Public Hearing:

1. Ms. Aditi Bhardwaj, S.D.M, Gharaunda, Karnal.
2. Mr. Shailendra Arora, Regional Officer, HSPCB, Karnal.
3. Mr. Krishan Kumar, Block Forest Officer, Gharaunda, Karnal.

The following representatives of JRS Industries were present:

1. Mr. Yogesh Mittal
2. Mr. Shivam Mittal.

The following representative of EIA Consultant

1. Mr. Sajjathe Sulthan, QCI - NABET Accredited EIA Coordinator for the project, SBA Enviro Systems Private Limited, Vikaspuri, New Delhi.

At the outset, the **Regional Officer, HSPCB, Karnal**, Mr. Shailendra Arora welcome the public and the S.D.M. of Gharaunda, Ms. Aditi. He briefly explained about the objective of conducting Public Hearing mentioning that it is a Violation Case. Further with the permission of S.D.M, the Public Hearing was commenced. He also added that the JRS Industry is an established industry of Formaldehyde manufacturing located at Alipur Khalsa Road, Village Kohand, Tehsil - Gharaunda, District: Karnal, State: Haryana. The industry granted with the Consent to Establish and Consent to Operate by the Haryana State Pollution Control Board. Further, he asked the Project Proponent to give the introduction about the industry in detail.

Mr. Sajjathe Sulthan, EIA Coordinator of the project conveyed his invitation to the S.D.M and Regional Officer for their August presence at the Public Hearing. He presented the Project Synopsis and EIA Study with a PowerPoint Presentation to the public present in the occasion. He briefed about the salient features of the project, the baseline observations, impacts and mitigation measures undertaken and proposed by the industry. The essence of his presentation consists;

- The JRS industries manufacture Formaldehyde with production capacity of 80 MTD.
- The total project cost of the industry is 3.25 Crore, expenditure for Pollution Control Measures 19.7 Lakhs rupees in capital and recurring cost will be 4.38 Lakh every year. Industry will also provide the employment to the local people. When it will run in the full capacity, around 25 people will be directly employed as well as there will be indirect employment of more than around 100 people for transportation, suppliers / vendors and other services.
- The industry has applied for Environment Clearance on 02.04.2022 at MoEF, GoI and the Expert Appraisal Committee of MoEF had considered the application and granted Terms of Reference (ToR) on 09.05.2022 and also asked to conduct the public hearing on this project. Accordingly, the public hearing is being carried out today at this place.
- It was presented that the industry's location does not fall under any sensitive zone.

- The raw material is required is only methanol @ 40MTD. Water is sourced from ground and electricity from HBVN. Steam is required only for starting purpose for which one Baby Boiler is installed.
- It is an individual entity and can work independently as there are no direct linked projects.
- A baseline study in about 10km radius of the area during 1st April to 30th June, 2021 for environmental and social feature analysis and modelling.
- Total area of the Project Site is 4375 m<sup>2</sup>, which is divided into 20% of built-up area, 35% of green belt area, 16% of open area and 29% of road and paved area.
- Surroundings of the project area consists of two ponds, highway, and railway station in 9km proximity, hospitals, etc. There is no National Park, Biosphere Reserve or any other Sensitive Area in the 10km surrounding of the Project Site. Nearest Airport is Delhi Airport in 104kms. Schools, Colleges are also present in proximity for education of the employee's children.
- Site layout plan prepared is according to the Building By-Laws and Environmental Laws.
- For ground water extraction NOC from HWRA obtained.
- For electricity the permission and supply of 220 KVA is granted.
- 2 D.G. sets are installed for electricity back-up of 180 and 200 KVA.
- The formaldehyde is prepared from the oxidation of methanol. It is a simple chemical without any complications involved. It is prepared of 37% concentration. Methanol is heated and reacted with the silver catalyst which produces Formaldehyde. It is not a complicated process.
- Waste generation is in minimal amount. Solid waste is generated from office work like paper, plastic, some metal waste is generated which is given to the scrap vendors. Hazardous Waste that will be produced is the used oil that will be sent to the Authorized Recycler.
- There is least chance of air pollution as there are no pollutants generated. Even the boiler is which is used only for starting the process once in 6 months or so. Average Wind speed is around 2km/hr.
- Traffic study was conducted according to CPCB guidelines which suggested that

the CO, Particulate matter, NO<sub>x</sub> is found within the preferable limits.

- Every year in 6 monthly Monitoring of Environmental Parameters will be conducted by monitoring Ambient Air, Ambient Noise, Groundwater and Surface water quality, Soil quality.
- Budgeting for EMP is already prepared.

Mr. Sajjathe Sulthan anticipated that the management will put all efforts to implement the suggestions given in EIA report. There will not be any pollution problem from this unit. He then sought public opinion on the project and express willingness to clarify their queries. Sh. Shailender Arora, RO, HSPCB, Karnal asked the public to submit their queries / suggestions

#### POINTWISE QUESTIONS AND REPLY PRESENTED TO THEPUBLIC

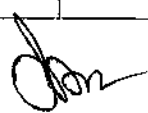

Sr. NO.	QUESTIONS	REPLIES
1.	Shri Jai Prakash from Alipur Khalsa asked the Project Proponent about the benefit of the project for the village and what work will be done in village benefit.	<u>Reply by Project Proponent</u> - As per the provisions of law, every project proponent must contribute to the society in terms Corporate Environmental Responsibility and Corporate Social Responsibility. This project will also contribute to the villages where the unit is located and nearby areas these funds will be utilized for various purposes as per government suggestions and the requirement for the betterment of the village where the project site is located. Therefore, there will be investment in social activities in terms of CER and CSR activities for the

*Ch*

		betterment of the village.
2.	Shri Roshan Lal suggested that as per presentation and discussion, all the points for pollution control if followed strictly then there will be no problem faced by the villagers. Same thing should be followed by the other industries as well.	<u>Reply by Project Proponent</u> - It was explained that there is only Boiler in this Industry which will be used once in 6 months as well as there will be plantation in the area. There will be no product or by-product that will be exposed directly to the environment. Other Industries have some other norms and each of them follows their norms accordingly.
3.	Sh. Roshan Lal, Ex. Sarpanch & Mr. Shubham, Village Alipur Khalsa - How many people will get the employment from our village	<u>Reply by Project Proponent</u> - At the beginning there will be given employment to around 15 people later as the factory will extend to its full capacity, the no. of employment will also increase.
4.	S.D.M Ms. Aditi- As there are two villages connected with the Project Area, that is Alipur and Kohand village, therefore make key points by consulting the Sarpanch of the villages about what work is required and will be done under CSR and also involve the Sarpanch's of both the villages. Whether in schools, any clinic, anything that is required so that later there will be no complaint that no work is done and I will also consult with the Development	<u>Reply by Project Proponent</u> - Thank you for the suggestions and as per the suggestions we will comply further, accordingly the action plan will be prepared and will be submitted to the ministry as well as also implemented at project.

	Officers to prepare the proposal of the same by discussing it with the sarpanch's of the villages.	
5.	<b>Kishore Kumar from Alipur-</b> Is there any food processing work is done in the factory?	<b>Reply by Project Proponent</b> - Till now there is no such ongoing process but later if there will be requirement then maybe the food processing can be started with necessary permissions from concerned Departments, but till now there are no such plans.
6.	<b>Regional Officer Mr. Shailendra Arora-</b> <ul style="list-style-type: none"> <li>• What is Noise pollution analysis?</li> <li>• Which fuel is used in a Boiler?</li> <li>• Is there any heat production?</li> <li>•</li> <li>• How many D.G. Sets? Are they acoustic in nature?</li> <li>• Whether Groundwater NOC taken?</li> </ul>	<b>Reply by Project Proponent -</b> <ul style="list-style-type: none"> <li>• During Day time, Noise frequency generated is around- 72-75 dB and at night there is least noise generation with frequency of around 65 dB only.</li> <li>• Gas is used currently (LPG). When CNG connection will come, we will also be using it.</li> <li>• No, as there is no heat production in the process. Boiler will not work continuously.</li> <li>• There are Two D.G. Sets installed and they are silent D.G. Sets.</li> <li>• Ground Water NOC obtained in September 2022.</li> </ul>
7)	<b>Shri Babu Ram, Kohand Sarpanch-</b> Requesting SDM to build the road as so many industries are present in the region of Alipur to Kohand and the	S.D.M Ms. Aditi replied that this problem will be looked in and it will be resolved soon.

	destruction of road is continuous. As well as proper drainage of water is required.	
8)	<b>Rajesh Kumar, Village Kaimla -</b> Requested SDM that there is Water Drainage is the major problem.	S.D.M Ms. Aditi replied that - There will be a meeting with PHED Authorities & BDO's and a proposal will be prepared for all three villages to solve the problem.

As there were no further questions, Sh. Shailender Arora, RO, HSPCB, Karnal Region closed the ceremony of Public Hearing with the permission of Ms. Aditi, SDM, Gharaunda Distt. Karnal.

During public hearing, it was observed that participants from nearby villages were satisfied with the answers given by the representatives of project proponent regarding questions raised by the participants.

Sh. Sh. Shailender Arora, RO, HSPCB, Karnal Region thanked the public for attending the public hearing.

The public hearing was concluded with the vote of thanks to the chair.

## MINUTES OF MEETING OF PUBLIC HEARING

PROJECT	80 MTD FORMALDEHYDE MANUFACTURING UNIT
PROJECT PROPONENT	JRS INDUSTRIES
CATEGORY UNDER EIA NOTIFICATION	5(f)
MEETING VENUE	Factory Premises of JRS Industries, at Village Kohand, Gharaunda, Karnal, Haryana
MEETING DATE & TIME	13.02.2023, 10:00 a.m.
MEETING TYPE	Offline

Minutes of the Public Hearing under the provisions of EIA Notification, 2006 conducted for the Formaldehyde Manufacturing Unit of JRS Industries at village Kohand, Tehsil - Gharaunda, District: Karnal, Haryana - 132103 on 13.02.2023 at 10:00 am in the factory premises

The following Government Officials took part and conducted the Environmental Public Hearing:

1. Ms. Aditi Bhardwaj, S.D.M, Gharaunda, Karnal.
2. Mr. Shailendra Arora, Regional Officer, HSPCB, Karnal.
3. Mr. Krishan Kumar, Block Forest Officer, Gharaunda, Karnal.

The following representatives of JRS Industries were present:

1. Mr. Yogesh Mittal
2. Mr. Shivam Mittal.

The following representative of EIA Consultant

1. Mr. Sajjathe Sulthan, QCI - NABET Accredited EIA Coordinator for the project, SBA Enviro Systems Private Limited, Vikaspuri, New Delhi.

At the outset, the Regional Officer, HSPCB, Karnal, Mr. Shailendra Arora welcome the public and the S.D.M. of Gharaunda, Ms. Aditi. He briefly explained about the objective of conducting Public Hearing mentioning that it is a Violation Case. Further with the permission of S.D.M, the Public Hearing was commenced. He also added that the JRS Industry is an established industry of Formaldehyde manufacturing located at Alipur Khalsa Road, Village Kohand, Tehsil - Gharaunda, District: Karnal, State: Haryana. The industry granted with the Consent to Establish and Consent to Operate by the Haryana State Pollution Control Board. Further, he asked the Project Proponent to give the introduction about the industry in detail.

Mr. Sajjathe Sulthan, EIA Coordinator of the project conveyed his invitation to the S.D.M and Regional Officer for their August presence at the Public Hearing. He presented the Project Synopsis and EIA Study with a PowerPoint Presentation to the public present in the occasion. He briefed about the salient features of the project, the baseline observations, impacts and mitigation measures undertaken and proposed by the industry. The essence of his presentation consists;

- The JRS industries manufacture Formaldehyde with production capacity of 80 MTD.
- The total project cost of the industry is 3.25 Crore, expenditure for Pollution Control Measures 19.7 Lakhs rupees in capital and recurring cost will be 4.38 Lakh every year. Industry will also provide the employment to the local people. When it will run in the full capacity, around 25 people will be directly employed as well as there will be indirect employment of more than around 100 people for transportation, suppliers / vendors and other services.
- The industry has applied for Environment Clearance on 02.04.2022 at MoEF, GoI and the Expert Appraisal Committee of MoEF had considered the application and granted Terms of Reference (ToR) on 09.05.2022 and also asked to conduct the public hearing on this project. Accordingly, the public hearing is being carried out today at this place.
- It was presented that the industry's location does not fall under any sensitive zone.

- The raw material is required is only methanol @ 40MTD. Water is sourced from ground and electricity from HBVN. Steam is required only for starting purpose for which one Baby Boiler is installed.
- It is an individual entity and can work independently as there are no direct linked projects.
- A baseline study in about 10km radius of the area during 1st April to 30th June, 2021 for environmental and social feature analysis and modelling.
- Total area of the Project Site is 4375 m<sup>2</sup>, which is divided into 20% of built-up area, 35% of green belt area, 16% of open area and 29% of road and paved area.
- Surroundings of the project area consists of two ponds, highway, and railway station in 9km proximity, hospitals, etc. There is no National Park, Biosphere Reserve or any other Sensitive Area in the 10km surrounding of the Project Site. Nearest Airport is Delhi Airport in 104kms. Schools, Colleges are also present in proximity for education of the employee's children.
- Site layout plan prepared is according to the Building By-Laws and Environmental Laws.
- For ground water extraction NOC from HWRA obtained.
- For electricity the permission and supply of 220 KVA is granted.
- 2 D.G. sets are installed for electricity back-up of 180 and 200 KVA.
- The formaldehyde is prepared from the oxidation of methanol. It is a simple chemical without any complications involved. It is prepared of 37% concentration. Methanol is heated and reacted with the silver catalyst which produces Formaldehyde. It is not a complicated process.
- Waste generation is in minimal amount. Solid waste is generated from office work like paper, plastic, some metal waste is generated which is given to the scrap vendors. Hazardous Waste that will be produced is the used oil that will be sent to the Authorized Recycler.
- There is least chance of air pollution as there are no pollutants generated. Even the boiler is which is used only for starting the process once in 6 months or so. Average Wind speed is around 2km/hr.
- Traffic study was conducted according to CPCB guidelines which suggested that

the CO, Particulate matter, NOx is found within the preferable limits.

- Every year in 6 monthly Monitoring of Environmental Parameters will be conducted by monitoring Ambient Air, Ambient Noise, Groundwater and Surface water quality, Soil quality.
- Budgeting for EMP is already prepared.

Mr. Sajjathe Sulthan anticipated that the management will put all efforts to implement the suggestions given in EIA report. There will not be any pollution problem from this unit. He then sought public opinion on the project and express willingness to clarify their queries. Sh. Shailender Arora, RO, HSPCB, Karnal asked the public to submit their queries / suggestions

#### POINTWISE QUESTIONS AND REPLY PRESENTED TO THE PUBLIC

Sr. NO.	QUESTIONS	REPLIES
1.	Shri Jai Prakash from Alipur Khalsa asked the Project Proponent about the benefit of the project for the village and what work will be done in village benefit.	<u>Reply by Project Proponent</u> - As per the provisions of law, every project proponent must contribute to the society in terms Corporate Environmental Responsibility and Corporate Social Responsibility. This project will also contribute to the villages where the unit is located and nearby areas these funds will be utilized for various purposes as per government suggestions and the requirement for the betterment of the village where the project site is located. Therefore, there will be investment in social activities in terms of CER and CSR activities for the

*dh*

		betterment of the village.
2.	Shri Roshan Lal suggested that as per presentation and discussion, all the points for pollution control if followed strictly then there will be no problem faced by the villagers. Same thing should be followed by the other industries as well.	<u>Reply by Project Proponent</u> - It was explained that there is only Boiler in this Industry which will be used once in 6 months as well as there will be plantation in the area. There will be no product or by-product that will be exposed directly to the environment. Other Industries have some other norms and each of them follows their norms accordingly.
3.	Sh. Roshan Lal, Ex. Sarpanch & Mr. Shubham, Village Alipur Khalsa - How many people will get the employment from our village	<u>Reply by Project Proponent</u> - At the beginning there will be given employment to around 15 people later as the factory will extend to its full capacity, the no. of employment will also increase.
4.	S.D.M Ms. Aditi- As there are two villages connected with the Project Area, that is Alipur and Kohand village, therefore make key points by consulting the Sarpanch of the villages about what work is required and will be done under CSR and also involve the Sarpanch's of both the villages. Whether in schools, any clinic, anything that is required so that later there will be no complaint that no work is done and I will also consult with the Development	<u>Reply by Project Proponent</u> - Thank you for the suggestions and as per the suggestions we will comply further, accordingly the action plan will be prepared and will be submitted to the ministry as well as also implemented at project.

*Adm*

	Officers to prepare the proposal of the same by discussing it with the sarpanch's of the villages.	
5.	Kishore Kumar from Alipur- Is there any food processing work is done in the factory?	<u>Reply by Project Proponent</u> - Till now there is no such ongoing process but later if there will be requirement then maybe the food processing can be started with necessary permissions from concerned Departments, but till now there are no such plans.
6.	Regional Officer Mr. Shailendra Arora- <ul style="list-style-type: none"> <li>• What is Noise pollution analysis?</li> <li>• Which fuel is used in a Boiler?</li> <li>• Is there any heat production?</li> <li>•</li> <li>• How many D.G. Sets? Are they acoustic in nature?</li> <li>• Whether Groundwater NOC taken?</li> </ul>	<u>Reply by Project Proponent</u> - <ul style="list-style-type: none"> <li>• During Day time, Noise frequency generated is around- 72-75 dB and at night there is least noise generation with frequency of around 65 dB only.</li> <li>• Gas is used currently (LPG). When CNG connection will come, we will also be using it.</li> <li>• No, as there is no heat production in the process. Boiler will not work continuously.</li> <li>• There are Two D.G. Sets installed and they are silent D.G. Sets.</li> <li>• Ground Water NOC obtained in September 2022.</li> </ul>
7)	Shri Babu Ram, Kohand Sarpanch- Requesting SDM to build the road as so many industries are present in the region of Alipur to Kohand and the	S.D.M Ms. Aditi replied that this problem will be looked in and it will be resolved soon.

	destruction of road is continuous. As well as proper drainage of water is required.	
8)	Rajesh Kumar, Village Kaimla - Requested SDM that there is Water Drainage is the major problem.	S.D.M Ms. Aditi replied that - There will be a meeting with PHED Authorities & BDO's and a proposal will be prepared for all three villages to solve the problem.

As there were no further questions, Sh. Shailender Arora, RO, HSPCB, Karnal Region closed the ceremony of Public Hearing with the permission of Ms. Aditi, SDM, Gharaunda Distt. Karnal.

During public hearing, it was observed that participants from nearby villages were satisfied with the answers given by the representatives of project proponent regarding questions raised by the participants.

Sh. Sh. Shailender Arora, RO, HSPCB, Karnal Region thanked the public for attending the public hearing.

The public hearing was concluded with the vote of thanks to the chair.

**NOTICE FOR PUBLIC HEARING**

It is for the information of all concerned regarding conducting  
the Public Hearing by M/s JRS Industries located at village Kohand,  
Tehsil Gharanda, District Karnal, Haryana has to conduct public  
hearing with respect to Environmental Clearance of existing project  
of "Formaldehyde manufacturing unit with capacity of 80 TPD  
located at village Kohand, Tehsil Gharanda, District Karnal, Haryana  
by M/s JRS Industries for applying Environmental Clearance as per  
EIA notification, 2006 and its subsequent amendments. Terms of  
Reference File No. IA-J-11011/172/2021-JA-II(1) dated 09.05.2020.  
The public hearing for obtaining Environmental Clearance as per  
EIA notification dated 14th September, 2006 for the proposed  
project issued by Ministry of Environment, Forests and Climate  
Change, Govt. of India, New Delhi, requiring prior EC from Expert  
Appraisal Committee, MoEF&CC, and thus Environmental  
Clearance is mandatory for the project and its expansion. The  
project proponent will be liable to comply with the conditions/  
penalty/prosecution action, as imposed/provided by Government  
of India or any competent agency in this regard. Accordingly, the  
public hearing for the above said project has been fixed on  
13.02.2023 at 10:00 A.M. in Village Kohand, Tehsil Gharanda,  
District Karnal, Haryana.

Copies of executive summary of the project report and EIA  
study report, submitted by the project proponent, are available in  
the Head Office of the Board as well as in the following offices, which  
can be perused during office hours, on any working day:-

1. The Deputy Commissioner, Karnal.
2. Chairman Zila Parishad, Karnal.
3. The Joint Director, District Industries Centre, Karnal.
4. The Executive Officer, Municipal Corporation, Karnal.

Notice is hereby given to all concerned to give suggestions,  
views, comments and objections, if any, on the above said proposed  
project, to the Chairman, Haryana State Pollution Control Board,  
C-11 Sector 8, Panchkula as well as the Regional Officer, Haryana  
State Pollution Control Board, 2nd Floor, SCO 78-79, above PNB,  
Namastey Chowk, Karnal within 30 days of the publication of this  
notice. Besides, a Public Hearing will also be held on the Date, Time  
& Venue as mentioned above at the proposed site of the project  
which can be attended by any person including Environmental  
Groups, bonafide residents and others, located at the project  
site/sites of displacement/sites likely to be affected. Oral/Written  
suggestions, if any can also be made during the Public Hearing.

No TADA will be admissible for attending the Public Hearing.

## MINUTES OF MEETING OF PUBLIC HEARING

PROJECT	80 MTD FORMALDEHYDE MANUFACTURING UNIT
PROJECT PROPONENT	JRS INDUSTRIES
CATEGORY UNDER EIA NOTIFICATION	5(f)
MEETING VENUE	Factory Premises of JRS Industries, at Village Kohand, Gharaunda, Karnal, Haryana
MEETING DATE & TIME	13.02.2023, 10:00 a.m.
MEETING TYPE	Offline

Minutes of the Public Hearing under the provisions of EIA Notification, 2006 conducted for the Formaldehyde Manufacturing Unit of JRS Industries at village Kohand, Tehsil - Gharaunda, District: Karnal, Haryana - 132103 on 13.02.2023 at 10:00 am in the factory premises

The following Government Officials took part and conducted the Environmental Public Hearing:

1. Ms. Aditi Bhardwaj, S.D.M, Gharaunda, Karnal.
2. Mr. Shailendra Arora, Regional Officer, HSPCB, Karnal.
3. Mr. Krishan Kumar, Block Forest Officer, Gharaunda, Karnal.

The following representatives of JRS Industries were present:

1. Mr. Yogesh Mittal
2. Mr. Shivam Mittal.

The following representative of EIA Consultant

1. Mr. Sajjathe Sulthan, QCI - NABET Accredited EIA Coordinator for the project, SBA Enviro Systems Private Limited, Vikaspuri, New Delhi.

At the outset, the Regional Officer, HSPCB, Karnal, Mr. Shailendra Arora welcome the public and the S.D.M. of Gharaunda, Ms. Aditi. He briefly explained about the objective of conducting Public Hearing mentioning that it is a Violation Case. Further with the permission of S.D.M, the Public Hearing was commenced. He also added that the JRS Industry is an established industry of Formaldehyde manufacturing located at Alipur Khalsa Road, Village Kohand, Tehsil - Gharaunda, District: Karnal, State: Haryana. The industry granted with the Consent to Establish and Consent to Operate by the Haryana State Pollution Control Board. Further, he asked the Project Proponent to give the introduction about the industry in detail.

Mr. Sajjathe Sulthan, EIA Coordinator of the project conveyed his invitation to the S.D.M and Regional Officer for their August presence at the Public Hearing. He presented the Project Synopsis and EIA Study with a PowerPoint Presentation to the public present in the occasion. He briefed about the salient features of the project, the baseline observations, impacts and mitigation measures undertaken and proposed by the industry. The essence of his presentation consists;

- The JRS industries manufacture Formaldehyde with production capacity of 80 MTD.
- The total project cost of the industry is 3.25 Crore, expenditure for Pollution Control Measures 19.7 Lakhs rupees in capital and recurring cost will be 4.38 Lakh every year. Industry will also provide the employment to the local people. When it will run in the full capacity, around 25 people will be directly employed as well as there will be indirect employment of more than around 100 people for transportation, suppliers / vendors and other services.
- The industry has applied for Environment Clearance on 02.04.2022 at MoEF, GoI and the Expert Appraisal Committee of MoEF had considered the application and granted Terms of Reference (ToR) on 09.05.2022 and also asked to conduct the public hearing on this project. Accordingly, the public hearing is being carried out today at this place.
- It was presented that the industry's location does not fall under any sensitive zone.

- The raw material is required is only methanol @ 40MTD. Water is sourced from ground and electricity from HBVN. Steam is required only for starting purpose for which one Baby Boiler is installed.
- It is an individual entity and can work independently as there are no direct linked projects.
- A baseline study in about 10km radius of the area during 1st April to 30th June, 2021 for environmental and social feature analysis and modelling.
- Total area of the Project Site is 4375 m<sup>2</sup>, which is divided into 20% of built-up area, 35% of green belt area, 16% of open area and 29% of road and paved area.
- Surroundings of the project area consists of two ponds, highway, and railway station in 9km proximity, hospitals, etc. There is no National Park, Biosphere Reserve or any other Sensitive Area in the 10km surrounding of the Project Site. Nearest Airport is Delhi Airport in 104kms. Schools, Colleges are also present in proximity for education of the employee's children.
- Site layout plan prepared is according to the Building By-Laws and Environmental Laws.
- For ground water extraction NOC from HWRA obtained.
- For electricity the permission and supply of 220 KVA is granted.
- 2 D.G. sets are installed for electricity back-up of 180 and 200 KVA.
- The formaldehyde is prepared from the oxidation of methanol. It is a simple chemical without any complications involved. It is prepared of 37% concentration. Methanol is heated and reacted with the silver catalyst which produces Formaldehyde. It is not a complicated process.
- Waste generation is in minimal amount. Solid waste is generated from office work like paper, plastic, some metal waste is generated which is given to the scrap vendors. Hazardous Waste that will be produced is the used oil that will be sent to the Authorized Recycler.
- There is least chance of air pollution as there are no pollutants generated. Even the boiler is which is used only for starting the process once in 6 months or so. Average Wind speed is around 2km/hr.
- Traffic study was conducted according to CPCB guidelines which suggested that

the CO, Particulate matter, NOx is found within the preferable limits.

- Every year in 6 monthly Monitoring of Environmental Parameters will be conducted by monitoring Ambient Air, Ambient Noise, Groundwater and Surface water quality, Soil quality.
- Budgeting for EMP is already prepared.

Mr. Sajjathe Sulthan anticipated that the management will put all efforts to implement the suggestions given in EIA report. There will not be any pollution problem from this unit. He then sought public opinion on the project and express willingness to clarify their queries. Sh. Shailender Arora, RO, HSPCB, Karnal asked the public to submit their quarries / suggestions

#### POINTWISE QUESTIONS AND REPLY PRESENTED TO THE PUBLIC

Sr. NO.	QUESTIONS	REPLIES
1.	Shri Jai Prakash from Alipur Khalsa asked the Project Proponent about the benefit of the project for the village and what work will be done in village benefit.	<u>Reply by Project Proponent</u> - As per the provisions of law, every project proponent must contribute to the society in terms Corporate Environmental Responsibility and Corporate Social Responsibility. This project will also contribute to the villages where the unit is located and nearby areas these funds will be utilized for various purposes as per government suggestions and the requirement for the betterment of the village where the project site is located. Therefore, there will be investment in social activities in terms of CER and CSR activities for the

		betterment of the village.
2.	Shri Roshan Lal suggested that as per presentation and discussion, all the points for pollution control if followed strictly then there will be no problem faced by the villagers. Same thing should be followed by the other industries as well.	<u>Reply by Project Proponent</u> - It was explained that there is only Boiler in this Industry which will be used once in 6 months as well as there will be plantation in the area. There will be no product or by-product that will be exposed directly to the environment. Other Industries have some other norms and each of them follows their norms accordingly.
3.	Sh. Roshan Lal, Ex. Sarpanch & Mr. Shubham, Village Alipur Khalsa - How many people will get the employment from our village	<u>Reply by Project Proponent</u> - At the beginning there will be given employment to around 15 people later as the factory will extend to its full capacity, the no. of employment will also increase.
4.	S.D.M Ms. Aditi- As there are two villages connected with the Project Area, that is Alipur and Kohand village, therefore make key points by consulting the Sarpanch of the villages about what work is required and will be done under CSR and also involve the Sarpanch's of both the villages. Whether in schools, any clinic, anything that is required so that later there will be no complaint that no work is done and I will also consult with the Development	<u>Reply by Project Proponent</u> - Thank you for the suggestions and as per the suggestions we will comply further, accordingly the action plan will be prepared and will be submitted to the ministry as well as also implemented at project.

*Adm*

	Officers to prepare the proposal of the same by discussing it with the sarpanch's of the villages.	
5.	Kishore Kumar from Alipur- Is there any food processing work is done in the factory?	<u>Reply by Project Proponent</u> - Till now there is no such ongoing process but later if there will be requirement then maybe the food processing can be started with necessary permissions from concerned Departments, but till now there are no such plans.
6.	Regional Officer Mr. Shailendra Arora- <ul style="list-style-type: none"> <li>• What is Noise pollution analysis?</li> <li>• Which fuel is used in a Boiler?</li> <li>• Is there any heat production?</li> <li>•</li> <li>• How many D.G. Sets? Are they acoustic in nature?</li> <li>• Whether Groundwater NOC taken?</li> </ul>	<u>Reply by Project Proponent</u> - <ul style="list-style-type: none"> <li>• During Day time, Noise frequency generated is around- 72-75 dB and at night there is least noise generation with frequency of around 65 dB only.</li> <li>• Gas is used currently (LPG). When CNG connection will come, we will also be using it.</li> <li>• No, as there is no heat production in the process. Boiler will not work continuously.</li> <li>• There are Two D.G. Sets installed and they are silent D.G. Sets.</li> <li>• Ground Water NOC obtained in September 2022.</li> </ul>
7)	Shri Babu Ram, Kohand Sarpanch- Requesting SDM to build the road as so many industries are present in the region of Alipur to Kohand and the	S.D.M Ms. Aditi replied that this problem will be looked in and it will be resolved soon.

	destruction of road is continuous. As well as proper drainage of water is required.	
8)	Rajesh Kumar, Village Kaimla - Requested SDM that there is Water Drainage is the major problem.	S.D.M Ms. Aditi replied that - There will be a meeting with PHED Authorities & BDO's and a proposal will be prepared for all three villages to solve the problem.

As there were no further questions, Sh. Shailender Arora, RO, HSPCB, Karnal Region closed the ceremony of Public Hearing with the permission of Ms. Aditi, SDM, Gharaunda Distt. Karnal.

During public hearing, it was observed that participants from nearby villages were satisfied with the answers given by the representatives of project proponent regarding questions raised by the participants.

Sh. Sh. Shailender Arora, RO, HSPCB, Karnal Region thanked the public for attending the public hearing.

The public hearing was concluded with the vote of thanks to the chair.

**NOTICE FOR PUBLIC HEARING**  
It is for the information of all concerned regarding conducting  
the Public Hearing by M/s JRS Industries located at village Kohand,  
Tehsil Gharaunda, District Karnal, Haryana has to conduct public  
hearing with respect to Environmental Clearance of existing project  
of "Formaldehyde manufacturing unit with capacity of 80 TPD  
located at village Kohand, Tehsil Gharaunda, District Karnal, Haryana  
by M/s JRS Industries for applying Environmental Clearance as per  
EIA notification, 2006 and its subsequent amendments. Terms of  
Reference File No. IA-J-11011/172/2021-IA-II(1) dated 09.05.2020.  
The public hearing for obtaining Environmental Clearance as per  
EIA notification dated 14th September 2006 for the proposed  
project issued by Ministry of Environment, Forests and Climate  
Change, Govt. of India, New Delhi, requiring prior EC from Expert  
Appraisal Committee, MoEF&CC, and thus Environmental  
Clearance is mandatory for the project and its expansion. The  
project proponent will be liable to comply with the conditions/  
penalty/prosecution action, as imposed/provided by Government  
of India or any competent agency in this regard. Accordingly, the  
public hearing for the above said project has been fixed on  
13.02.2023 at 10:00 A.M. in Village Kohand, Tehsil Gharaunda,  
District Karnal, Haryana.

Copies of executive summary of the project report and EIA  
study report, submitted by the project proponent, are available in  
the Head Office of the Board as well as in the following offices, which  
can be perused during office hours, on any working day:-

1. The Deputy Commissioner, Karnal.
2. Chairman Zila Parishad, Karnal.
3. The Joint Director, District Industries Centre, Karnal.
4. The Executive Officer, Municipal Corporation, Karnal.

Notice is hereby given to all concerned to give suggestions,  
views, comments and objections, if any, on the above said proposed  
project, to the Chairman, Haryana State Pollution Control Board,  
C-11, Sector 6, Panchkula as well as the Regional Officer Haryana  
State Pollution Control Board, 2nd Floor, SCO 78-79, above PNB,  
Namastey Chowk, Karnal within 30 days of the publication of this  
notice. Besides, a Public Hearing will also be held on the Date, Time  
& Venue as mentioned above at the proposed site of the project  
which can be attended by any person including Environmental  
Groups, bonafide residents and others, located at the project  
site/sites of displacement/sites likely to be affected. Oral/Written  
suggestions, if any can also be made during the Public Hearing.

No TA/DA will be admissible for attending the Public Hearing.

### MINUTES OF MEETING OF PUBLIC HEARING

PROJECT	80 MTD FORMALDEHYDE MANUFACTURING UNIT
PROJECT PROPONENT	JRS INDUSTRIES
CATEGORY UNDER EIA NOTIFICATION	5(f)
MEETING VENUE	Factory Premises of JRS Industries, at Village Kohand, Gharaunda, Karnal, Haryana
MEETING DATE & TIME	13.02.2023, 10:00 a.m.
MEETING TYPE	Offline

Minutes of the Public Hearing under the provisions of EIA Notification, 2006 conducted for the Formaldehyde Manufacturing Unit of JRS Industries at village Kohand, Tehsil - Gharaunda, District: Karnal, Haryana - 132103 on 13.02.2023 at 10:00 am in the factory premises

The following Government Officials took part and conducted the Environmental Public Hearing:

1. Ms. Aditi Bhardwaj, S.D.M, Gharaunda, Karnal.
2. Mr. Shailendra Arora, Regional Officer, HSPCB, Karnal.
3. Mr. Krishan Kumar, Block Forest Officer, Gharaunda, Karnal.

The following representatives of JRS Industries were present:

1. Mr. Yogesh Mittal
2. Mr. Shivam Mittal.

The following representative of EIA Consultant

1. Mr. Sajjathe Sulthan, QCI - NABET Accredited EIA Coordinator for the project, SBA Enviro Systems Private Limited, Vikaspuri, New Delhi.

At the outset, the Regional Officer, HSPCB, Karnal, Mr. Shailendra Arora welcome the public and the S.D.M. of Gharaunda, Ms. Aditi. He briefly explained about the objective of conducting Public Hearing mentioning that it is a Violation Case. Further with the permission of S.D.M, the Public Hearing was commenced. He also added that the JRS Industry is an established industry of Formaldehyde manufacturing located at Alipur Khalsa Road, Village Kohand, Tehsil - Gharaunda, District: Karnal, State: Haryana. The industry granted with the Consent to Establish and Consent to Operate by the Haryana State Pollution Control Board. Further, he asked the Project Proponent to give the introduction about the industry in detail.

Mr. Sajjathe Sulthan, EIA Coordinator of the project conveyed his invitation to the S.D.M and Regional Officer for their August presence at the Public Hearing. He presented the Project Synopsis and EIA Study with a PowerPoint Presentation to the public present in the occasion. He briefed about the salient features of the project, the baseline observations, impacts and mitigation measures undertaken and proposed by the industry. The essence of his presentation consists;

- The JRS industries manufacture Formaldehyde with production capacity of 80 MTD.
- The total project cost of the industry is 3.25 Crore, expenditure for Pollution Control Measures 19.7 Lakhs rupees in capital and recurring cost will be 4.38 Lakh every year. Industry will also provide the employment to the local people. When it will run in the full capacity, around 25 people will be directly employed as well as there will be indirect employment of more than around 100 people for transportation, suppliers / vendors and other services.
- The industry has applied for Environment Clearance on 02.04.2022 at MoEF, GoI and the Expert Appraisal Committee of MoEF had considered the application and granted Terms of Reference (ToR) on 09.05.2022 and also asked to conduct the public hearing on this project. Accordingly, the public hearing is being carried out today at this place.
- It was presented that the industry's location does not fall under any sensitive zone.

- The raw material is required is only methanol @ 40MTD. Water is sourced from ground and electricity from HBVN. Steam is required only for starting purpose for which one Baby Boiler is installed.
- It is an individual entity and can work independently as there are no direct linked projects.
- A baseline study in about 10km radius of the area during 1st April to 30th June, 2021 for environmental and social feature analysis and modelling.
- Total area of the Project Site is 4375 m<sup>2</sup>, which is divided into 20% of built-up area, 35% of green belt area, 16% of open area and 29% of road and paved area.
- Surroundings of the project area consists of two ponds, highway, and railway station in 9km proximity, hospitals, etc. There is no National Park, Biosphere Reserve or any other Sensitive Area in the 10km surrounding of the Project Site. Nearest Airport is Delhi Airport in 104kms. Schools, Colleges are also present in proximity for education of the employee's children.
- Site layout plan prepared is according to the Building By-Laws and Environmental Laws.
- For ground water extraction NOC from HWRA obtained.
- For electricity the permission and supply of 220 KVA is granted.
- 2 D.G. sets are installed for electricity back-up of 180 and 200 KVA.
- The formaldehyde is prepared from the oxidation of methanol. It is a simple chemical without any complications involved. It is prepared of 37% concentration. Methanol is heated and reacted with the silver catalyst which produces Formaldehyde. It is not a complicated process.
- Waste generation is in minimal amount. Solid waste is generated from office work like paper, plastic, some metal waste is generated which is given to the scrap vendors. Hazardous Waste that will be produced is the used oil that will be sent to the Authorized Recycler.
- There is least chance of air pollution as there are no pollutants generated. Even the boiler is which is used only for starting the process once in 6 months or so. Average Wind speed is around 2km/hr.
- Traffic study was conducted according to CPCB guidelines which suggested that

the CO, Particulate matter, NO<sub>x</sub> is found within the preferable limits.

- Every year in 6 monthly Monitoring of Environmental Parameters will be conducted by monitoring Ambient Air, Ambient Noise, Groundwater and Surface water quality, Soil quality.
- Budgeting for EMP is already prepared.

Mr. Sajjathe Sulthan anticipated that the management will put all efforts to implement the suggestions given in EIA report. There will not be any pollution problem from this unit. He then sought public opinion on the project and express willingness to clarify their queries. Sh. Shailender Arora, RO, HSPCB, Karnal asked the public to submit their quarries / suggestions

#### POINTWISE QUESTIONS AND REPLY PRESENTED TO THE PUBLIC

Sr. NO.	QUESTIONS	REPLIES
1.	Shri Jai Prakash from Alipur Khalsa asked the Project Proponent about the benefit of the project for the village and what work will be done in village benefit.	<u>Reply by Project Proponent</u> - As per the provisions of law, every project proponent must contribute to the society in terms Corporate Environmental Responsibility and Corporate Social Responsibility. This project will also contribute to the villages where the unit is located and nearby areas these funds will be utilized for various purposes as per government suggestions and the requirement for the betterment of the village where the project site is located. Therefore, there will be investment in social activities in terms of CER and CSR activities for the

		betterment of the village.
2.	Shri Roshan Lal suggested that as per presentation and discussion, all the points for pollution control if followed strictly then there will be no problem faced by the villagers. Same thing should be followed by the other industries as well.	<u>Reply by Project Proponent</u> - It was explained that there is only Boiler in this Industry which will be used once in 6 months as well as there will be plantation in the area. There will be no product or by-product that will be exposed directly to the environment. Other Industries have some other norms and each of them follows their norms accordingly.
3.	Sh. Roshan Lal, Ex. Sarpanch & Mr. Shubham, Village Alipur Khalsa - How many people will get the employment from our village	<u>Reply by Project Proponent</u> - At the beginning there will be given employment to around 15 people later as the factory will extend to its full capacity, the no. of employment will also increase.
4.	S.D.M Ms. Aditi- As there are two villages connected with the Project Area, that is Alipur and Kohand village, therefore make key points by consulting the Sarpanch of the villages about what work is required and will be done under CSR and also involve the Sarpanch's of both the villages. Whether in schools, any clinic, anything that is required so that later there will be no complaint that no work is done and I will also consult with the Development	<u>Reply by Project Proponent</u> - Thank you for the suggestions and as per the suggestions we will comply further, accordingly the action plan will be prepared and will be submitted to the ministry as well as also implemented at project.

	Officers to prepare the proposal of the same by discussing it with the sarpanch's of the villages.	
5.	Kishore Kumar from Alipur- Is there any food processing work is done in the factory?	<u>Reply by Project Proponent</u> - Till now there is no such ongoing process but later if there will be requirement then maybe the food processing can be started with necessary permissions from concerned Departments, but till now there are no such plans.
6.	Regional Officer Mr. Shailendra Arora- <ul style="list-style-type: none"> <li>• What is Noise pollution analysis?</li> <li>• Which fuel is used in a Boiler?</li> <li>• Is there any heat production?</li> <li>• How many D.G. Sets? Are they acoustic in nature?</li> <li>• Whether Groundwater NOC taken?</li> </ul>	<u>Reply by Project Proponent</u> - <ul style="list-style-type: none"> <li>• During Day time, Noise frequency generated is around- 72-75 dB and at night there is least noise generation with frequency of around 65 dB only.</li> <li>• Gas is used currently (LPG). When CNG connection will come, we will also be using it.</li> <li>• No, as there is no heat production in the process. Boiler will not work continuously.</li> <li>• There are Two D.G. Sets installed and they are silent D.G. Sets.</li> <li>• Ground Water NOC obtained in September 2022.</li> </ul>
7)	Shri Babu Ram, Kohand Sarpanch- Requesting SDM to build the road as so many industries are present in the region of Alipur to Kohand and the	S.D.M Ms. Aditi replied that this problem will be looked in and it will be resolved soon.

	destruction of road is continuous. As well as proper drainage of water is required.	
8)	Rajesh Kumar, Village Kaimla - Requested SDM that there is Water Drainage is the major problem.	S.D.M Ms. Aditi replied that - There will be a meeting with PHED Authorities & BDO's and a proposal will be prepared for all three villages to solve the problem.

As there were no further questions, Sh. Shailender Arora, RO, HSPCB, Karnal Region closed the ceremony of Public Hearing with the permission of Ms. Aditi, SDM, Gharaunda Distt. Karnal.

During public hearing, it was observed that participants from nearby villages were satisfied with the answers given by the representatives of project proponent regarding questions raised by the participants.

Sh. Sh. Shailender Arora, RO, HSPCB, Karnal Region thanked the public for attending the public hearing.

The public hearing was concluded with the vote of thanks to the chair.
