PUBLIC HEARING FOR ENVIRONMENT CLEARANCE
(As per EIA Notification dated 14th September 2006)

Project Name- "Proposed New Distillery of 120 KLD capacity consisting of B-Heavy Molasses with provision to use Grain for production of Ethanol along with 3.0 MW cogeneration power plant at Village Narar, Tehsil Kaithal District Kaithal, Haryana by M/s The Kaithal Cooperative Sugar Mills Ltd., Kaithal" (TOR letter No. - "TO23A2505HR5727238N dated 20.10.2023")

Date of Public Hearing - 18th July 2024

Place of Public Hearing - Village Narar, Kaithal.

Public Hearing was conducted by Haryana State Pollution Control Board on 18.07.2024 for "Proposed New Distillery of 120 KLD capacity consisting of B-Heavy Molasses with provision to use Grain for production of Ethanol along with 3.0 MW cogeneration power plant at Village Narar, Tehsil Kaithal District Kaithal, Haryana by M/s The Kaithal Cooperative Sugar Mills Ltd., Kaithal".

Minutes of Public Hearing held on 18.07.2024, at Villages Narar.

The Public Consultation (Hearing) was held as a mandatory requirement under EIA Notification dated 14.09.2006 and amended till date. Notice for public hearing was issued by the Member Secretary, Haryana Pollution Control Board Dated **14th June 2024**, wherein date of Public hearing was fixed as 18th July 2024. Wide publicity was given to the public through newspapers (English Tribune and Hindi Bhasker) and letters to the District Officers & Village Panchayats **(Copy of News cutting and notices are attached as Annexure- A).**

Accordingly public hearing was conducted on 18th July 2024 for Environment Clearance for - "Proposed New Distillery of 120 KLD capacity consisting of B-Heavy Molasses with provision to use Grain for production of Ethanol along with 3.0 MW cogeneration power plant at Village Narar, Tehsil Kaithal District Kaithal, Haryana by M/s The Kaithal Cooperative Sugar Mills Ltd., Kaithal". The public hearing was attended by the following officers (List attached as Annexure-B):-

1. Ms. C. Jayasharadha (IAS), ADC, Kaithal.
2. Sh. Wakeed Ahemad, HCS, MD, Sugar Mill, Kaithal
3. Sh. Nipun Gupta, Regional Officer, HSPCB, Kaithal.
4. Dr. Renu Chawla, CMO, Kaithal
5. Sh. Kuldeep Malik, EO, MC, Kaithal
6. Sh. Satish Kumar, Scientist-B, HSPCB, Kaithal.

The list of Public attended hearing is attached as **Annexure-C**.

Dr. Pratibha (Environment Consultant), Enviro Infra Solutions Pvt. Ltd. Ghaziabad described the details of Proposed Project, which are as under:

The Kaithal Cooperative sugar mill is proposing New Distillery of 120 KLD capacity consisting of B-Heavy Molasses with provision to use Grain for production of Ethanol along with 3.0 MW cogeneration power plant at Village Narar, Tehsil Kaithal District Kaithal, Haryana. The company already has the ownership of 150 Acres (47.41 ha) industrial land out of which 20.34 Acres is proposed for new distillery. The total project cost is estimated to be Rs.19488.00 lakhs. The share capital from the state Govt. is Rs.3897.60 lakh and balance Rs.15590.40 lakh is loan from Bank. There are no national parks, wildlife sanctuaries; biosphere reserves, heritage sites, rivers, tanks, reserve forests etc. are located within 10 Km from the proposed plant boundary. The project can definitely improve the regional, state and national economy. The implementation of this project will definitely improve the physical and social infrastructure of the surrounding area.

The detailed salient features of the proposed project are presented in

| S. No. | Particulars | Details |
|--------|--------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. | Nature & Size of the Project | Proposed New Distillery of 120 KLD capacity consisting of B-Heavy Molasses with provision to use Grain for production of Ethanol along with 3.0 MW cogeneration power plant at Village Narar, Tehsil Kaithal District Kaithal, Haryana. |
| 2. | Category of the Project | Sr. No. 5(g); Category 'A' |
| 3. | Location Details | |
| | Village | Narar (1.15 km) |
| | Block | Kaithal(05 km) |
| | Tehsil | Kaithal (05 km) |
| | District | Kaithal(05 km) |
| | State | Haryana |
| | Latitude | 29°47'5.20"N |
| | Longitude | 76°27'7.29"E |
| | Toposheet No. | |
| 4. | Total Plant Area | The company already has the ownership of 150 Acres Industrial land. Out of which 20.34 Acres to be used for proposed Distillery |
| 5. | Greenbelt / Plantation Area | 6.8 Acres, i.e. ~33% of the project area will be covered under greenbelt/ plantation |
| 6. | Environmental Setting Details | |
| | Nearest Village | Narar (1.15 km) |
| | Nearest Town & City | Kaithal (05 km) |

| | | |
|-----|--------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | Nearest National Highway / State Highway | • National highway No. 65, Chandigarh-Hisar Road. |
| | Nearest Railway station | Kaithal Railway Station(3.40km) |
| | Nearest Airport | Chandigarh Airport, 200 km |
| | National Parks, Wildlife Sanctuaries, Conservation Reserves, Tiger/Elephant Reserves | No National Parks, Wildlife Sanctuaries, Conservation Reserves, Tiger/Elephant Reserves in 10km radius of Project Site. |
| | River / Water Body (within 10 km radius) | Sirsa Canal at 3.89 km |
| 7. | Products to be manufactured | Ethanol/RS/ENA -120 KLPD Cogeneration of power - 3 MW |
| 8. | By Products | Fusel oils-56.76KL/Year, Potash Rice Fly ash-3742.33 MT/Year and DDGS-9160 -MT/Year. |
| 09. | Water Requirement & Source | The fresh water requirement for molasses is 759.7 KLPD and 746.33 KLPD for Grain. The water consumption per KL of ethanol is estimated 6 KL / KL B-heavy molasses and grain respectively. The required water shall be available from proposed Bore well. |
| 10. | Quantity of Effluent generation | Spent wash generation is 1698.6 m ³ /Day. Incineration of slop (Spent Wash) is adopted as method of achieving ZERO LIQUID DISCHARGE which is a mandatory provision under the environmental protection act / rules. |
| 11. | Disposal of treated effluent | Concentrated Spent Wash will be used as fuel in Boiler & condensates to be reused for dilution of molasses and cooling tower make-up after treating in CPU. |
| 12. | Details of process emissions | Process emissions from boiler furnace of 30.0 TPH capacity |
| 13. | Proposed air pollution control device along with stack height | Electro Static Precipitator |
| 14. | Cost of the Project: Rs. (in Lakh) | 19488.00/- |
| 15. | Working Days | 300 days / annum |
| 16. | Man power | About 70 Persons during construction/commissioning and 78 during operation. |

There were few representations by locals related to the said proposed project during public hearing. Pointwise Questions and Reply presented to the Public are given below-

| S. No | Name & Village | Question | Reply |
|-------|---------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------|
| 1. | Sh. Gultan Singh, Village Naina | Mr. Singh praises Kaithal Sugar Mill for the proposed project. He also stated that all farmers support this project . Further he asked to the respected members | The project proponent thanked his appreciation and support for the project. |

| | | | |
|----|--------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | | present in the public hearing for organizing the camps for better production of Sugarcane in the villages falls around the 10 km radius project area, as the production of the sugarcane is decreased in recent years. If the production of sugarcane will be increased it will be good for the project. | |
| 2. | Shree Karamveer Sarpanch Pratinidhi Village: Geong | Mr. Karamveer welcomed the ADC ma'am, MD Kaithal Sugar Mill along with other respected members present in the public hearing. He also welcomed the project and said that the villages (such as Sega, Sergarh, Geong, Narad, Pilni and Mundari etc.) which comes within 10 Km radius of the project site mainly engaged in the production of wheat and sugarcane and their fields are very much productive. He stated that although the he supports the project but before commencement of the project we should talk to the farmer of respected villages and explain them about the project by conducting the awareness camp in order to avoid any kind of agitation as farmer did at the time of Highway construction and Canal construction. He also stated that it is good that that there is no any court case pending regarding the project and asked that where will be plant established in the district. Mr. Karamveer also offered 20 acres of land for the project in his village. | Project Proponent explained that the land of proposed project will be inside the premises of Kaithal Sugar Mill as they already have 150 acres of land out of which the project will be established in 20 acres of land. She also stated that no land will be acquired for the project from the farmers for the said project. Also, Sh. K. K. Tiwari, Chief Chemist, Kaithal Sugar Mills submitted that if the proposed project will be installed outside the premises of sugar mill, then it may cause unnecessarily increase in the cost of project as the project proponent will have to install additional infrastructure and other equipments which are already installed in the Sugar Mill. |
| 3. | Sh. Shiv Kumar Village: Deoban | Mr. Kumar asked that how this project is will be beneficial to the local people. | Project proponent stated that during the construction as well after the commencement of the project, the requirement of manpower (i.e., 70 and 78 respectively,) will be fulfilled by local people on priority basis. |

| | | | |
|----|----------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | | | <p>Apart from this project 2 Crore has been given as a Corporate Environmental Responsibilities which will be spent for the welfare of the nearby villages. Also, there are provisions of installation of solar panel, construction of drinking water facilities as well as rain water harvesting in the nearby villages.</p> |
| 4. | <p>Sh. Gurvinder Singh Village: Trawari),</p> | <p>He asked that whether the liquor will be manufactured under this project.</p> | <p>Project proponent clearly specified that the ethanol produce in the project will be directly sold to Government for the blending in petrol.</p> |
| 5. | <p>Sh. Mahavir, Kaithal</p> | <p>Sh. Mahavir questioned about the CSR and what will be scope of employment for the local people in this project.</p> | <p>Project Proponent specified that the project has kept separate provision of CER (i.e., Corporate Environmental responsibility) which is 2 Crores and CSR (i.e., Corporate social responsibility) which is 1.5% of total project cost used in the welfare of the nearby villagers.</p> <p>Regarding the employment on behalf of project proponent stated that employment priority will be given to the local people and also stated that the total manpower required for the project is 70 during construction phase and 78 during operation phase.</p> |
| 6. | <p>Sh. Ram Niwas Village: Narar</p> | <p>Sh. Ram Niwas questioned that due to the commencement of this project is there any possibilities of water pollution or air pollution in our village.</p> | <p>Project Proponent submitted that the project is based on Zero Liquid Discharge (ZLD) and no waste water (effluent) will be discharged outside the premises. All the waste effluent will be reused/ recycled after</p> |

| | | | |
|----|----------------------------------|------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | | | treatment through ETP/ZLD plant. In case of air pollution during the construction phase, adequate provision for dust suppression has been kept in the project. The dust produced during the transportation will be mitigated by sprinkling of water. Apart from this to subside the air pollution provision of 50% greenbelt has been given in the project. Adequate APCMs will be installed to mitigate air emission during operational phase. |
| 7. | Sh. Suresh Kumar, Kaithal | He asked about the provisions kept in the project for mitigation of air pollution during the construction phase. | Project proponent submitted that proper water sprinkling will be done during the construction phase to mitigate the air pollution. |

At the end, during public hearing, it was observed that participants from nearby villagers were satisfied with the answer given by the representatives of projects proponent regarding questions raised by the participants.

Sh. Nipun Gupta, Regional Officer, HSPCB, Kaithal Region thanked the public for attending the public hearing.

The Public hearing was concluded with the vote of thanks to the chair.

NOTICE FOR PUBLIC HEARING

It is for the information of all concerned that M/s. The Kaithal
Cooperative Sugar Mills Ltd. has proposed a project with respect to
Environment Clearance of new Distillery project with capacity
consisting of B-Heavy Molasses with provision to use Grain for
production of Ethanol along with 3.0 MW cogeneration power plant
at Village Narar, Tehsil Kaithal, District Kaithal, Haryana. The
project proponent mentioned above has applied to the Haryana
State Pollution Control Board for conducting the Public Hearing for
obtaining Environmental Clearance as per EIA notification dated
14th September, 2006 for the proposed project. Accordingly, the
Public Hearing for the above said project has been fixed on
18.07.2024 at 11:00 AM at the site.

Copies of executive summary of the project report and EIA study
report, submitted by the project proponent, are available in the
Head Office of the Board as well as in the following offices, which
can be perused during office hours, on any working day:-

1. Deputy Commissioner, Kaithal
2. Regional Officer, Kaithal, Haryana State Pollution Control
Board, 2nd floor of SCO 161-P, 162, 163, Sector 20, HUDA,
Kaithal
3. Chairman Zila Parishad, Kaithal
4. Executive Engineer, Municipal Corporation, Kaithal
5. Joint Director, District Industries Centre, Kaithal

Notice is hereby given to all concerned to file suggestions, views,
comments and objections, if any, on the above said proposed
project, to the Chairman, Haryana State Pollution Control Board, C-
11, Sector-6, Panchkula as well as Regional Officer, Kaithal,
Haryana State Pollution Control Board 2nd floor of SCO 161-
P, 162, 163, Sector 20, HUDA, Kaithal within 30 days of the
publication of this notice. Besides, a Public Hearing will also be held
on the Date, Time & Venue mentioned above at the proposed site
of the project, which can be attended by any person including
Environmental Groups, bonafide residents and others, located at
the project site/sites of displacement/sites likely to be affected.
Oral/Written suggestions, if any can also be made during the Public
Hearing.

No TA/DA will be admissible for attending the Public Hearing.

Pardeep Kumar, IAS
Member Secretary

Public Hearing for proposed New distillery of 120 KLPD Capacities consisting of B-Heavy molasses with provision to use grain for production of Ethanol along with 3MW Cogeneration power plant at Village Navar, Tehsil and Distt. Kaithal on dated 18.7.2024 at 11:00 A.M.
