Extended Producer Responsibility Plan of TNS Mobile India Pvt. Ltd.

PRO Name & Address: Karo Sambhav Private Limited, 408 - 409, Suncity Business Tower, Golf Course Road,
Sector 54, Gurugram 122002, Haryana

1/25

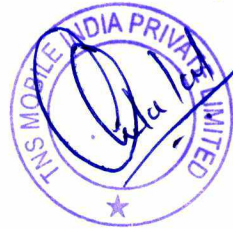

Introduction

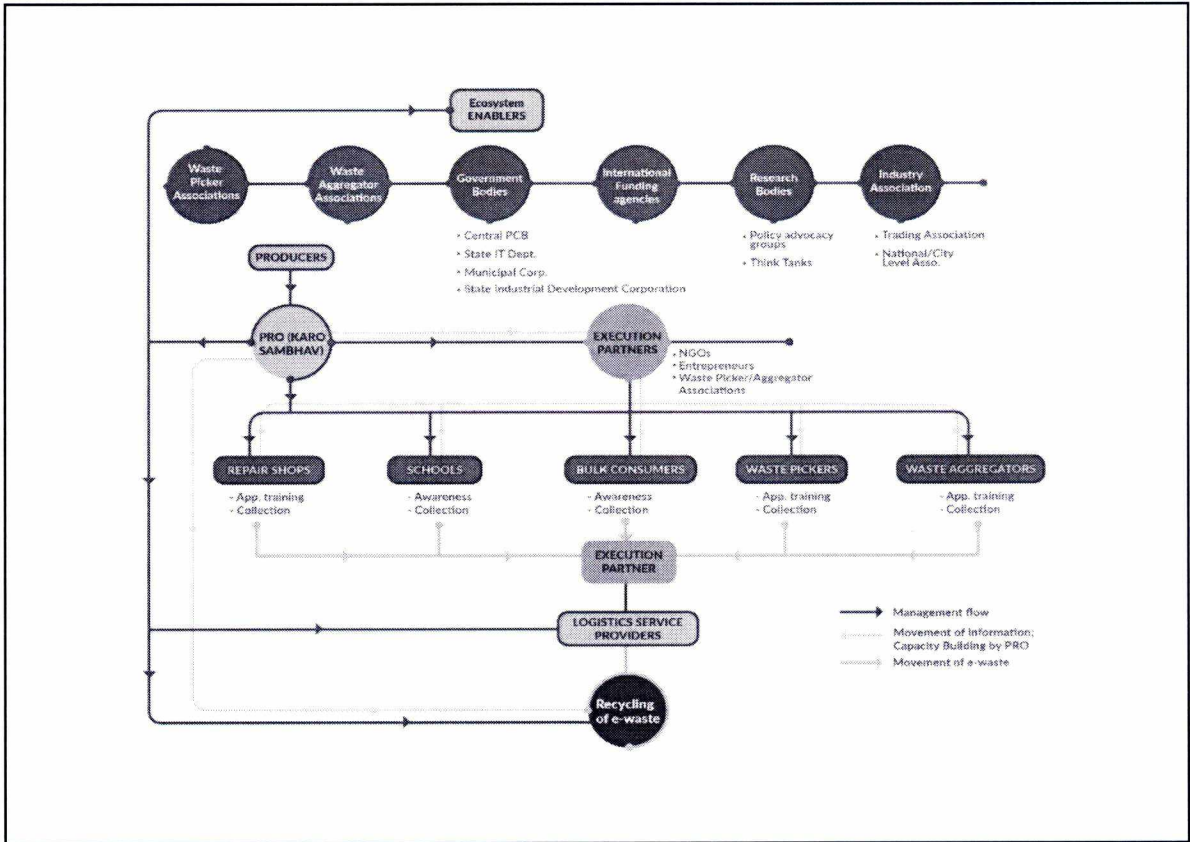

TNS Mobile India Pvt. Ltd. (TNS Mobile) is hereby submitting an EPR Plan as required for obtaining EPR Authorisation under the revised E-waste (Management) Rules, 2016.

TNS Mobile India Pvt. Ltd. has tied up with the Producer Responsibility organization (PRO) - Karo Sambhav Private Limited for fulfilling its responsibilities, as mentioned in the E-waste rules, 2016. Through the PRO, TNS Mobile India Pvt. Ltd. is facilitating the creation of a system for development and implementation of a responsible E-waste management system. This includes creation and execution of engagement and collection programmes for Schools, Bulk Consumers, Repair Shops, Waste Pickers and Waste Aggregators on responsible e-waste management. The objective of TNS Mobile India Pvt. Ltd.'s endeavour with the PRO is to create an efficient, transparent, scaled operational system which will make responsible management of E-waste across the country a norm.

International Finance Corporation (IFC, part of The World Bank group) has partnered with Karo Sambhav for a pan-India project on the development and implementation of a PRO solution for the industry. The objective of the collaboration is to ensure optimising recovery of resources from electronic products or components, keeping discarded or obsolete electronic products out of landfills and develop responsible methods of e-waste management in India.

Our PRO's pan-India reach through its execution partners is provided in the map below:

EPR Programmes and Collection Channels

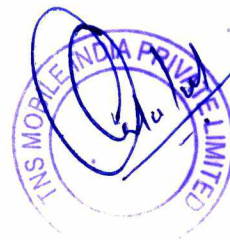

To ensure compliance, the PRO has developed EPR Programmes for awareness and collections that are being implemented across India through its execution partners. The programmes have been designed around stakeholders who have been identified as having the maximum impact. Most of these stakeholders are already dealing in e-waste and their inclusion in the programme helps in giving them legitimacy and formalising their operations.

Awareness

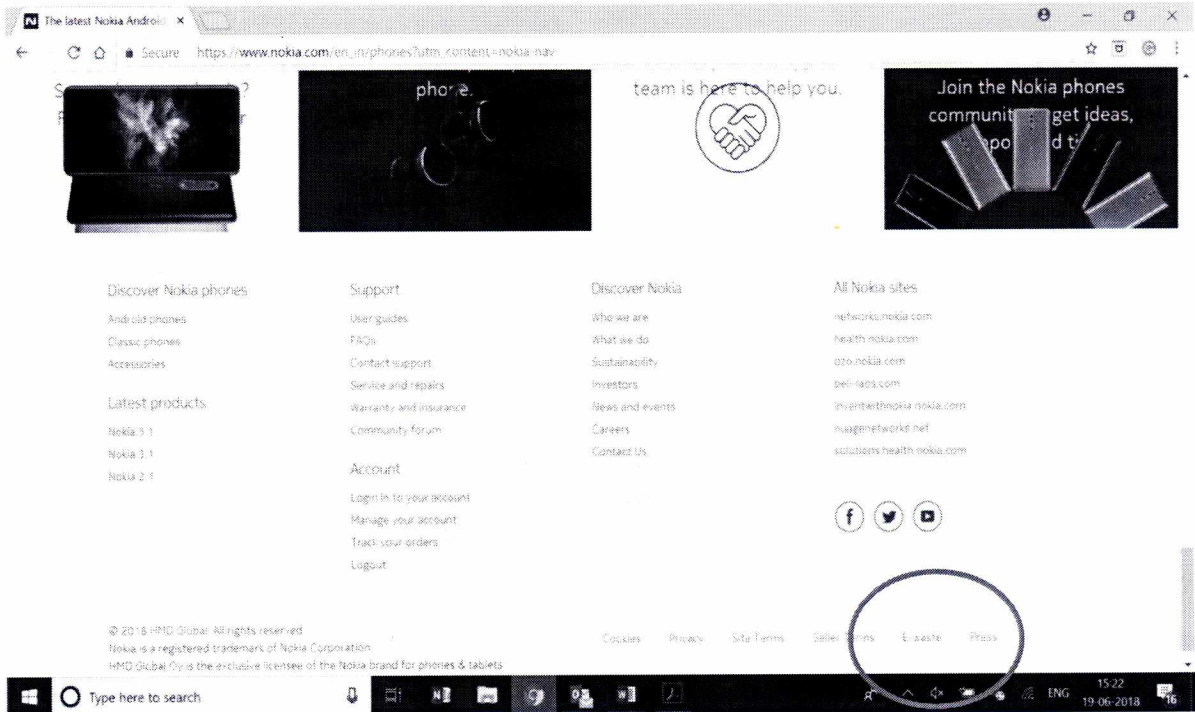

The PRO is working to bring about a change in consumers' behaviour and inspire him/her to responsibly recycle his/her e-waste. To make maximum impact it has chosen to primarily target Schools and Bulk Consumers via its awareness programmes.

Information on website: TNS Mobile India Pvt. Ltd. is the exclusive distributor for HMD Mobile India Pvt. Ltd. (Nokia phones) and does not have a website of its own. We are undertaking various awareness programmes through our PRO and are uploading information for our consumers on the Nokia Phones website where the phones are available for sale.

209

You can also contact on toll-free number **1800-2121-434** or for information on the collection points you may email at engage@karosambhav.com

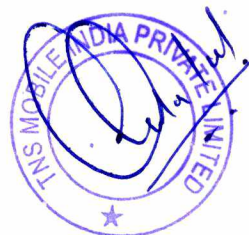

School Programme

TNS Mobile India has joined the PRO - Karo Sambhav – who is running its School Programme which has been designed to create awareness on critical environmental issues including waste from electronics. It is engaging students on preventive environmental strategies like circular economy and inspiring them to take actions in their daily lives. The programme is designed to create an environmental movement in schools with teachers playing a leading role.

Why: In terms of awareness school programmes have the highest impact as a child’s message to parent and community leads to a behavioural shift and hence was chosen as one of the EPR programmes to be run by Karo Sambhav.

TNS Mobile India will conduct around 90 workshops in several schools across all 29 States and 3 Union Territories through its PRO which is running its school programme.

The programme enables development of 21st century skills of collaboration, critical thinking, creativity, communication, ICT competencies and real-world problem solving, by deploying contemporary pedagogical practices in the classroom. The schools receive recognition in form of awards and certificates.

School Felicitation Programme at Kamla Nehru Public School, Phagwara on February 23rd, 2018

Best Practice Sharing Workshop at Modern Public School, Shalimar Bagh, Delhi on December 21st, 2017

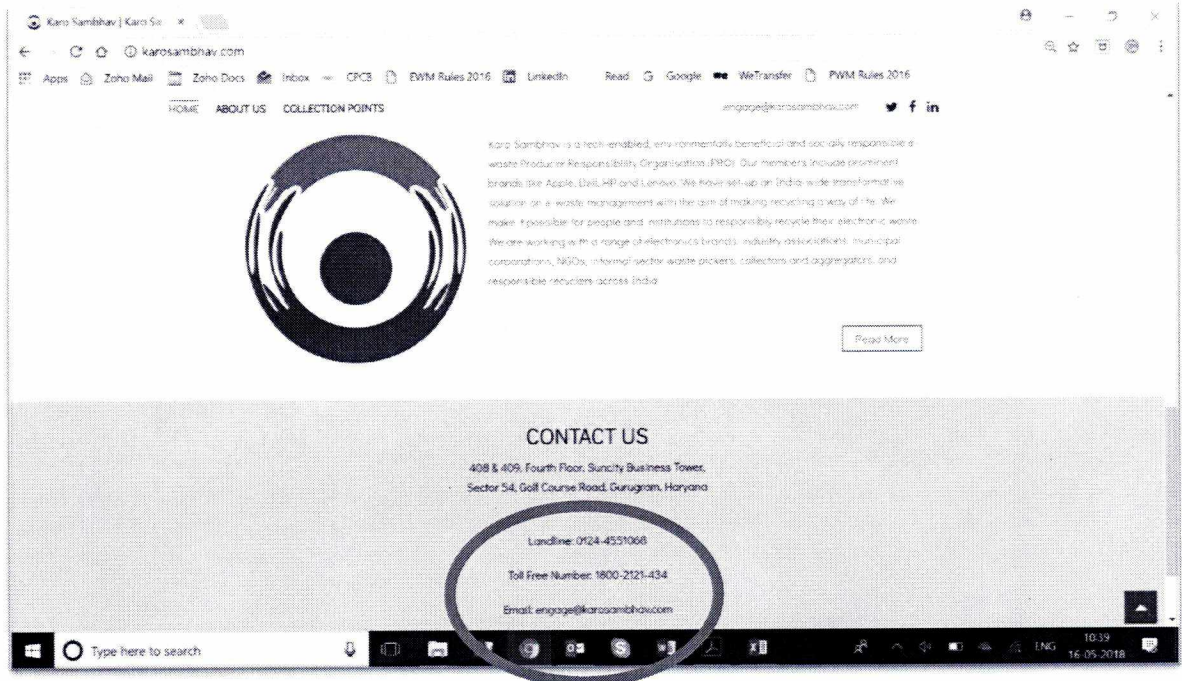

School Felicitation Workshop at Suncity School, Gurgaon on February 15th, 2018

School Felicitation Workshop at ODM Public School, Bhubaneswar on March 8th, 2018

Toll-free number

Our PRO provided access to individual consumers to its toll-free number and email for helping them to drop their e-waste with maximum ease.

Three simple steps for individual consumers:

- ✓ Call on toll-free number
- ✓ Find out nearest drop-of-point
- ✓ Responsibly recycle e-waste

Collections

The PRO has tapped into the existing mechanisms and systems in the country of e-waste collection to create channels for collection. The objective is to be inclusive and empower people who have been involved in waste management by formalising them.

Waste Picker and Waste Aggregator Programme

Why: Waste pickers and waste aggregators are currently marginalised and do not have a consistent and legal source of income. The programmes are designed to provide them a sustainable livelihood by bringing them into the formal sector and giving them a legal identity as a link in the producer take-back channel.

By enrolling in the programme e-waste pickers and e-waste aggregators can:

- Legalise their business in line with e-waste management rules
- Tap into new business avenues
- Build their reputation

- Bring transparency to their financial transactions
- Improve their skills/ employees' skills

Images from ongoing Waste Picker and Aggregator Programme

Logistics

The PRO has tied with a few logistics providers who manage the movement of e-waste. The focus of logistics is on transporting the collected material to the authorised dismantler/recycler in a safe way with no pilferages.

TNS Mobile India does not take any logistics support from the recyclers as it is operating through its PRO who has tie ups with LSPs to avoid pilferages.

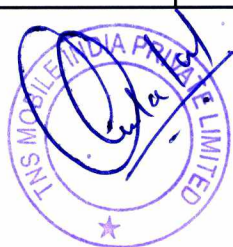

Recycling of E-Waste

Most of the authorised recyclers in the country do not possess technologically sound equipment to ensure adherence to best practices when it comes to the recycling process. The PRO is working with authorised recyclers who are selected after thorough assessments.

The PRO is taking utmost steps to ensure that the waste is recycled selected recyclers are recycling the waste as per the Rules to ensure responsible recycling of the e-waste.

The details of these recyclers are as below:

| Name of recycler | Address | Capacity for recycling of E-waste (MT/Annum) |
|---|--|--|
| TES-AMM (India) Private Limited www.tes-amm.net | A-18 SIPCOT Industrial Growth Centre, Panrutti 'A' Village, Oragadam, Kancheepuram – 631604, Tamil Nadu, India | 30,000 |
| | Sy. No. 118, Site No. 8, Mookambika Temple Road, Machohalli Forest gate, Magadi road, Bangalore – 560091, Karnataka, India | 1,460 |

Overview of Collection and Channelisation of E-Waste to Authorised Recyclers

A comprehensive overview of the system for collection and channelisation of e-waste, from the source till the authorised recycler/dismantler, by the PRO system is presented below.

Collection and Channelisation of E-waste

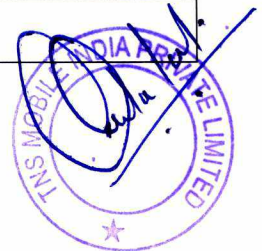

7. Estimated budget for Extended Producer Responsibility and allied initiatives to create consumer awareness.

We propose to allocate a total of INR 4,25,335 for Extended Producer Responsibility Plan. The break up is as below:

| Sr. No. | Activity | Proposed Budget |
|---------|-----------------------------|--------------------|
| 1. | Consumer Awareness (By PRO) | INR 1,25,335 |
| 2. | Specific Collection schemes | Managed by our PRO |
| 3. | Collection points | INR 1,00,000 |

10/25

The names, addresses and contact numbers of the collection points are as follows:

In addition to these collection points, the repair shops enrolled in the PRO EPR programme will also be enabled to become collection points. Producer service centres are also used as collection points.

Recycling and Reverse Logistics:

Recycling capacity of the PRO:

The PRO is working with authorised recyclers who are picked after going through very rigorous and thorough assessments. Regular audits are also conducted to ensure that scientific methods of recycling are being employed and Best Available Technology is being used.

The PRO is taking steps to ensure that the selected recyclers have the right technologies, processes, and people to ensure responsible recycling of the e-waste.

The details of these recyclers are as below:

| Name of recycler | Address | Capacity for recycling of E-waste |
|-------------------------|----------------|--|
|-------------------------|----------------|--|

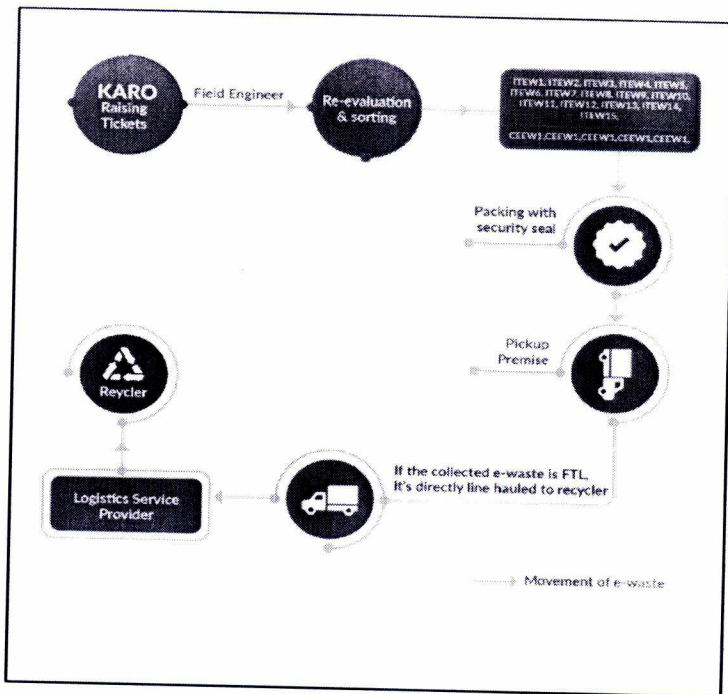

24/25

| | | (MT/Annum) |
|--|--|------------|
| TES – AMM (India) Private Limited www.tes-amm.net | A-18 SIPCOT Industrial Growth Centre, Panrutti 'A' Village, Oragadam, Kancheepuram, Tamilnadu – 631604, India | 30,000 |
| AER Worldwide htwww.aerworldwide.com | 774, Eladhanderi, Sadayankuppam Village, Manali New Town (Near Andarkuppam Check Post), Chennai, India – 600 103 | 12,000 |

Reverse Logistics:

The PRO's logistics provider, Deliveryontime Logistics Private Limited also referred to as "Bizlog", handles service requests that are raised by the waste pickers/aggregators upon the accumulation of a minimum quantity of waste. Once the request for collection has been raised by the PRO (using the Karo Sambhav app), Bizlog support collecting the e-waste from the pickers/ e-aggregators, sorting and packaging with to avoid pilferage and transporting the packages to the authorised dismantler/recycler (Image 1: E-waste dispatch).
