Ph- 0172 -2568219, 2577870-73

E-mail: hspcb-solidwaste@gmail.com

No.HSPCB/HQ/SWM/2020/94-96

Dated: 16.04.2020

To

1. The Additional Chief Secretary to Govt. Haryana
Urban Local Bodies Department.
2. The Principal Secretary Govt to Haryana
Development & Panchayats Department.
3. All Deputy Commissioners.

Sub: Handling, Treatment, and Disposal of used Mask, Gloves and other PPEs.

Whereas CPCB has issued the guidelines for Handling, Treatment, and Disposal of Waste Generated during Treatment/Diagnosis/Quarantine of COVID-19 Patients-Revision 1 on 25/03/2020 wherein specific responsibilities/duties of Urban Local Bodies, State Pollution Control Boards/Pollution Control Committees, a person operating quarantine camps/quarantine home/Homecare, and Common Bio Medical Waste Treatment Facilities are defined. These guidelines were circulated by the Board Vide letter no No.HSPCB/HQ/SWM/2020/1362-66 dt 28.03.2020 to all concerned departments/agency for compliance in the State of Haryana.

Whereas Joint Secretary & mission director, Swachh Bharat Mission, Govt of India has issued the Additional advisory for maintaining cleanliness during lockdown period(COVID -19) on 26/03/2020 wherein the instructions is given regarding special cleaning of public places, Safe disposal of waste from quarantined households, Safe disposal of masks and other related waste from non-quarantined households, Welfare and protection of Sanitary workers engaged in collection and transportation of COVID-19 waste. This advisory has been circulated by the Board Vide letter no No.HSPCB/HQ/SWM/2020/1362-66 dt 28.03.2020 to all concerned departments/agency for implementation and necessary action in the State of Haryana.

Wearing masks/face covers in public/work places is now compulsory across the country to avoid the infection of COVID-19 as corona virus spreads through respiratory droplets released when an infected person coughs, sneezes and speaks or through droplets of saliva or discharge from the nose. Therefore used masks may spread the infection as it contains viruses and bacteria. Hence, scientific disposal of masks, gloves and others PPE is most important to stop the spreading of viruses and other diseases.

PPE like face masks, gloves etc being used Healthcare Facilities, Quarantine Camps/ Quarantine-homes/ Home-care, Sample Collection Centre's, Laboratories be collected in especially marked yellow garbage bags and be disposed off through authorized Common Bio Medical Waste Treatment Facilities.

Waste such as used masks and gloves etc generating from domestic Household and officers/officials/employees on duty in the field is also be treated as Bio-Medical Waste and need to be collected separately in especially marked yellow garbage bags or closed dustbin without mixing with normal household/domestic waste. This waste should be kept at designated places with wrapping in separate wrapper and shall be disposed off through authorized Common Bio Medical Waste Treatment Facilities engaged by Urban Local Body and Local Authority.

In view of above ,it is requested to direct all the concerned to collect the used masks and gloves from the domestic household or other places separately in especially marked yellow garbage bags or closed dustbin without mixing with normal household/domestic waste. After collecting, the waste be kept at designated places to hand over the same to authorized Common Bio Medical Waste Treatment Facilities for proper treatment and disposal (through incineration) to avoid any health issue. Detail of authorized Common Bio Medical Waste Treatment Facilities is annexed herewith.
