

Extended Producer Responsibility Plan

Brief on General scheme of collection

We have partner with Greeniva Recycler Pvt. Ltd. registered with Uttar Pradesh Pollution Control Board for management recycle and disposal of all e-waste.

- As per a part of agreement Greeniva Recycler Pvt. Ltd. will collect all our e-waste generated from PAN India and dispose the same at their plant at G-284, M.G Road, Industrial Area, Ghaziabad (U.P)- 245101
- Greeniva Recycler, our e-waste management partner is having all authorization related e-waste recycling from UP/CPCB and having all connects related to Air/Water/Hazardous waste. They have capacity of 1500 MT per annum.
- Keeping in view our sales volume and generation of e-waste as per our future e-waste target and our expansion plan we have decided to follow these mechanisms in our organization for collection e-waste
 - As per our agreement with Greeniva's Recycler, is any customer wants to hand over their products they can reach or call our e-waste recycling partners toll free number 1800-102-4919. Our representatives explain them about process of disposals and make them aware about nearest drop point available to drop the e-waste and also give information about incentive we will offer to them against their end of life products. If any customer wants to handover the material from their door steps we do send either our logistics team or Greeniva Recycler team to collect the items and channelized the same to our e-waste partner plant for final processing.

Whether all states covered?

We will cover all states in India.

Specific Collection Schemes (Buyback, Exchange, DRS, etc.);

Buyback:

We will have a mechanism of incentivizing customer wants to return their end of life products (e-waste), whereby any of our consumers wants to discard their products. They call on our E-waste helpdesk. Once any call received by our e-waste helpdesk. Our team directly calls them and makes an agreement to collect the end of life products from their door steps and depending upon life of product. We do incentive our customer.

DRS:

We are not planning yet to implement DRS for our customer we will intimate to Central Pollution Control Board once we will finalize the same.

Exchange:

Exchange facility offer of every customer we will give them some discount (its depend on quality of the old products) for exchange their old products with new products so that customer can take benefits of these scheme and we can easily get all products placed in the market at the end of the life and same will be channelized to recycler for recycling purpose.

Coupons:

We will also offer coupons for our old customers and they can take benefits of the coupons. These coupons can be discounts of specific amount or can be gifts to the customers.

New Product:

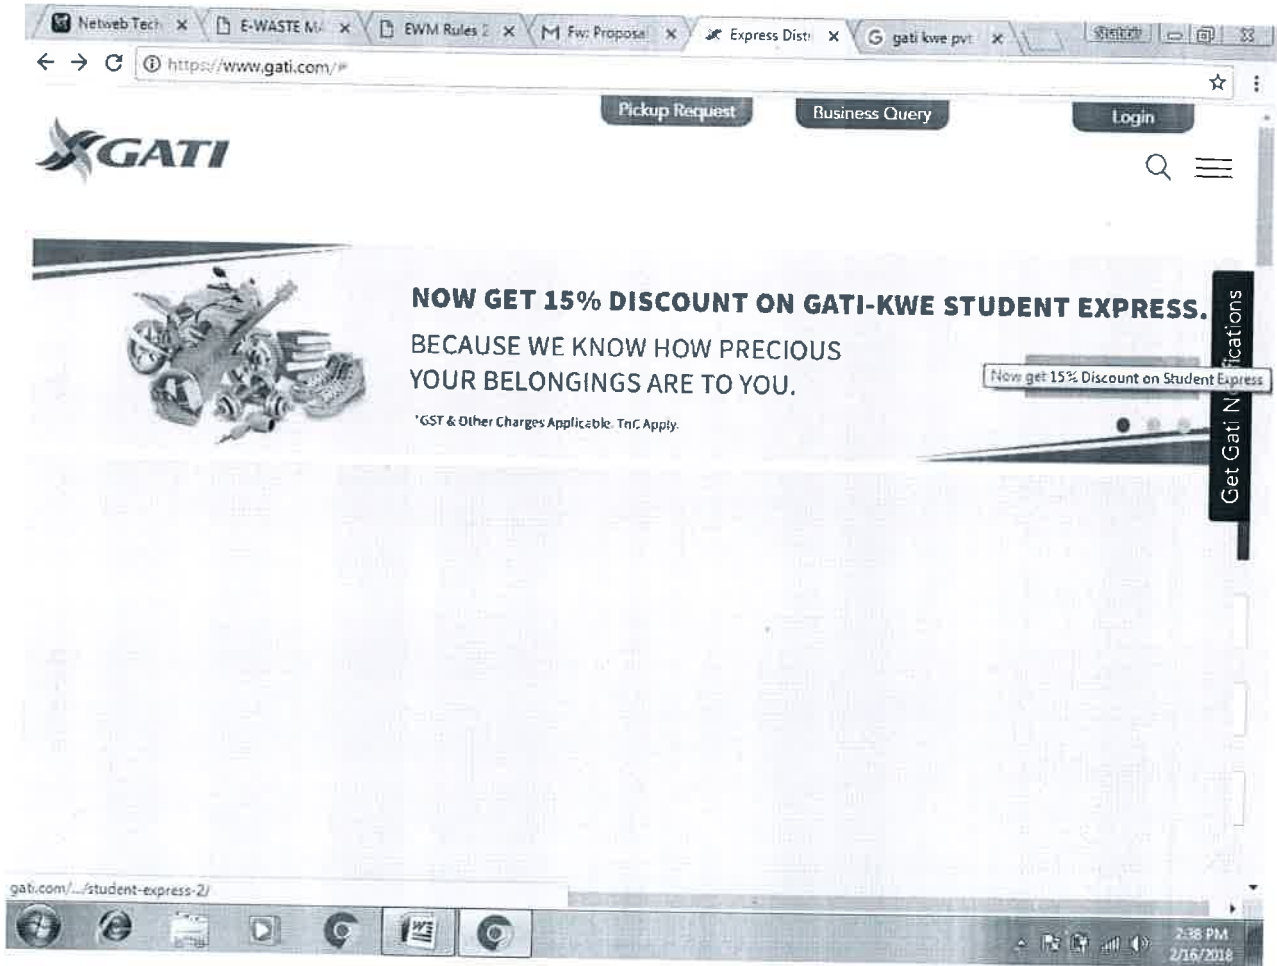

After sales, we will regularly offer our customer about the new product availability and offer our customer to exchange their old products.

Website Information:

Website Information is as follows

CK Unicom LLP : E-waste Policy
CK Unicom LLP – E-Waste Program

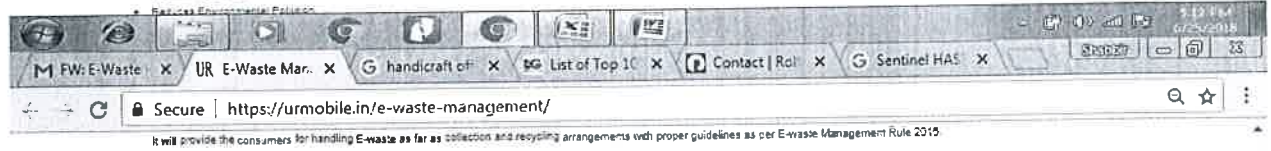

At CK Unicom LLP, we believe that it is our responsibility to ensure that we do business in such a manner that enriches our environment and planet. That's why we make sure that we deliver innovative and eco-friendly products to our consumers. We are committed to product stewardship through the life cycle of our electronics and ensure compliance with E-waste rules in India.

About E-Waste

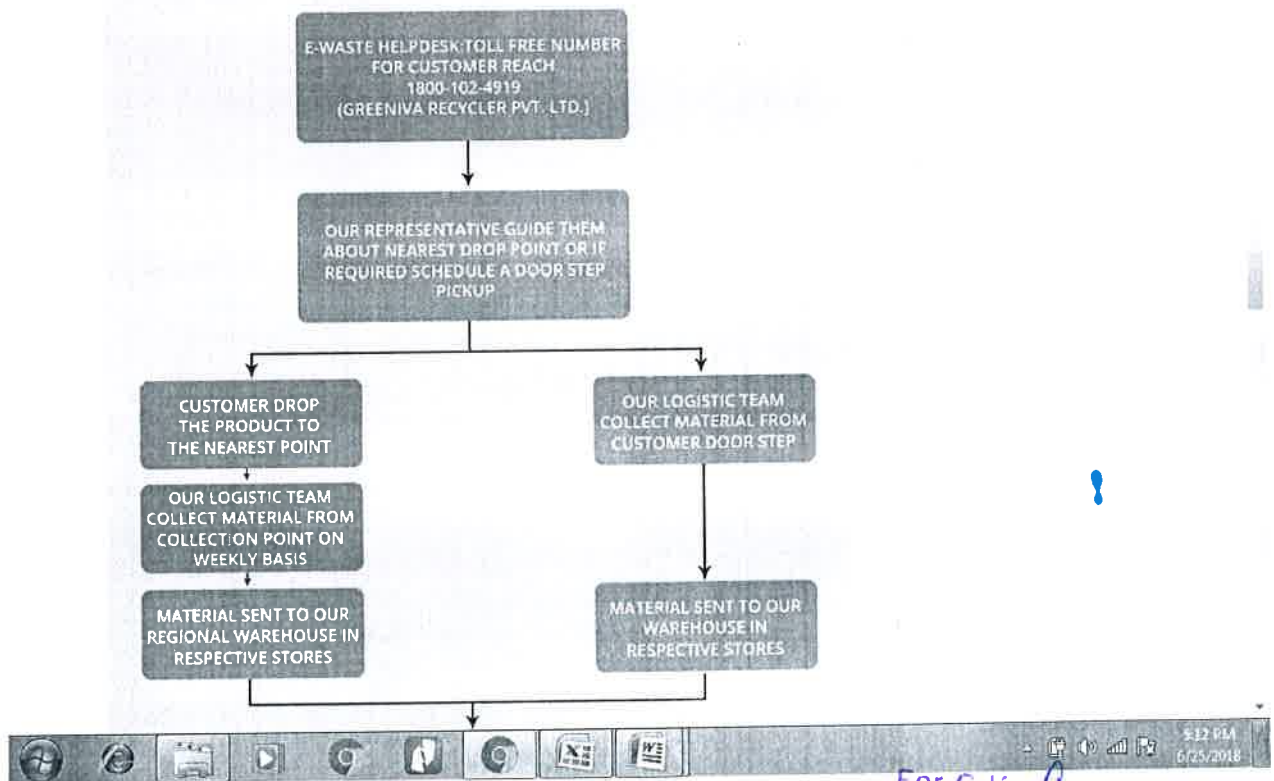

E-waste has been defined as 'waste electrical and electronic equipment, whole in part or rejects from their manufacturing and repair process which are intended to be discarded' in other words, E-waste of Waste Electrical and Electronic Equipment is the term used to describe old, end-of-life or discarded appliances using electricity. With the increase in usage and dependence on electrical and electronic gadgets such as washing machines, refrigerators, air conditioners etc. there has been increase in E-waste generation in large quantities. A UN report estimates that the world wide generation of E-waste is around 50 to 50 Million tons per annum. E-waste generally consists of those substances which are hazardous for environment and can seriously affect the health of the human beings.

Benefits of recycling of old electronic products/why recycle?

- Saves Natural Resources
There is a need to encourage recycling of all useful and valuable material from E-waste to conserve the ever-depleting natural resources. Recycling end-of-life products is vital if we are to save resources and minimize waste.
- Reduces Environmental Pollution

Proposed Producer Awareness & Allied Initiatives:

Each and every customer is advise and creates awareness about how can be handled the electronic goods and channelized it to be approved e-waste recycler as per E-waste Management Rule 2016. Lack of awareness among various stakeholders about the ill effects of the end- of-life products (E-waste), is the major concern in our country. For reducing the adverse impact on environment and health we need to initiate sustainable mechanism to create awareness among the stakeholders.

C K Unicom LLP. will launch awareness program on environmental hazardous of Electronic Waste under EPR Plan implementation. We are planning to provide financial support for conducting various awareness programs by Academic Institutions Industry Associations and Professional Organizations for organizing workshop/ seminars for schools/ college / resident/ welfare association (RWAs) / Bulk Consumers / Regulatory Bodies, Media Engagement etc. So that they can provide information regarding buy back program system C K Unicom LLP. and making campaign material for wide circulation on effect associate with e-waste.

An e-waste awareness manual can be provided to customers for handling e-waste with proper guidelines as per e-waste management handling rules 2016.

1. Seminars/Workshops:

We will conduct region wise awareness programme and workshops at specific period of time and invite various stakeholders, School, College, Institutions, Retailers, Dealers, Bulk Consumers, etc to attend the same and we are spread awareness about the hazardous content contains the electronics goods. We will also educate our Stakeholders, School, College, Institutions, Retailers, Dealers and Bulk Consumers about benefits of the recycling of electronics goods.

We are planning for conducting seminar/workshops once in a year in metro cities/ small cities/urban areas/ north-east states.

2. Training:

At the time of sales of the electronic goods, the customers are provide training about how to use that electronics goods and at the end of the life of each products, it should be disposed as per e-waste management rules and should not be left in open environment.

3. Advertisement:

We will spread awareness by all means of social media like Facebook, etc. and will provide advertisements through inserting pamphlets & booklets inside the newspapers so that each and every citizen of India would be aware about how to handle the E-waste.

For C K U UNICOM LLP

17/13

4. Logos:

While packaging the product, we ensure that there will be a e-waste recycling logos on the packed product.

5. User Guide/ Booklet/ Brochures:

It will provide the consumers for handling E-waste as far as collection and recycling arrangements with proper guidelines as per E-waste Management Rule 2016

6. Summary of Awareness Program:

Particulars	Details
Seminars/Workshops	Once in a Year
Training	Once in a six Month
Advertisements	Once in a six Month
Logos	On Packaging of Every Product
User Guide/ Booklets/ Brochures	Inside every packed product

7. Do's & Don'ts

Do's:

- ✓ Always look for Information on the catalogue with your product for end-of-life equipment handling.
- ✓ Ensure that only Authorized Recyclers repair and handle your electronic products.
- ✓ Always call our E-waste Authorized Collection Centers/Points to dispose product that have reached end-of-life.
- ✓ Always drop your used electronic products, batteries, or any accessories when they reach the end of their life at your nearest Authorized E-waste Collection Centers/Points.

12/13

For CK UNICOM LLP

 Authorised Signatory

- ✓ Always disconnect the battery from product, and ensure any glass surface is protected against breakage.

Don'ts:

- ✓ Do not dismantle your electronic Products on your own.
- ✓ Do not throw electronics in bins having "Do not Dispose" sign.
- ✓ Do not give e-waste to informal (Kabbadi) and unorganized sectors like Local Scrap Dealer/ Rag Pickers.
- ✓ Do not dispose your product in garbage bins along with municipal waste that ultimately reaches landfills.

Statement

Collected e-waste at all the collection point /centers mentioned in the application, will be handed over by these collection points / centers either to the C K Unicom LLP. Take Back Scheme/ Collection Scheme to the authorized recycler or directly to the authorized recycler.
