

2. Extended Producer Responsibility Plans:

Extended Producer Responsibility (EPR) is the responsibility of every producer of electrical and electronic equipments (EEE) for channelization of e- waste to an authorized dismantler/recycler to ensure environmentally sound management of such waste.

We, **M/s. Ingersoll-Rand Climate Solutions Pvt Ltd.** Is India's largest Home Appliances seller/Manufacturer & Service Provider. Now our Motto to save energy as you stay cool. Most air conditioner manufacturers link energy efficiency only with higher star ratings. However efficiency also depends on how consumers are using the AC. When the set temperature is lower than ambient temperature the AC consumes more energy. Not knowing how to manage the set temperature results in higher electricity bills therefore. The Efficiency Meter on Trane's Interactive Remote provides you with a visual aid to do so. Trane Weather-Sync Mode senses even the slightest change in weather and adjusts the temperature inside to give you optimum efficiency and comfort.

- Efficiency Meter gives real-time information about the AC's energy consumption.
- It helps you choose the right set-point for lowest energy consumption no matter what the AC's star rating is
- Weather-Sync Mode synchronizes the operations of your Trane AC with the weather outside to give you optimum cooling inside; this also protects you from thermal shock by helping avoid the risk of catching a cold when you walk into a chilled room from hot outdoors

We, **M/s. Ingersoll-Rand Climate Solutions Pvt Ltd.** being the producer as per E- Waste (Management) Rules, 2016, hereby pleased to submit our details EPR Plan. We being a good corporate citizen always gives priority to compliance and follow all regulation amended time to time by government authority related to E- waste management. We hereby submit our EPR plan having details about general scheme of collection, channelization plan, RoHS compliance details.

Detail of our Authorized dismantler/ recycler and PRO

We engaged M/s. Namo e-Waste Management Ltd. Mile Stone, Faridabad, 14/1, Mathura Rd, Faridabad, Haryana 121003, as a PRO and as recycler/ dismantler. It has dismantling capacity 5796 MTA, registered with HPCB for management and dismantling/ recycler of all our e- waste. M/s. Namo e-Waste Management Ltd. has also applied for PRO to CPCB.

As a part of agreement, M/s Namo E-Waste Management Ltd. will collect all our e- waste generated from PAN India.

Our PRO having 23 collection centers in main States of India. For channelization of e-waste, PRO has logistic services that help in transportation of our e- waste from collection centers to recycling/dismantling unit.

PRO's E-waste recycling partner M/s. Namo E Waste Management Limited is having agreement with reverse logistic partner M/s. Shree Balaji Transport Co. for collection & transportation of E-waste in environmentally sound manner.

We use PAN India basis collection centers/ points of our authorized dismantler/ recycler as per our agreement. Details of the same are provided on the Annexure I.

Rest of the States and cities will be covered through logistics service only for transportation of our e-waste from pickup points to our authorized dismantling unit. (Agreement copy with logistic partner is attached)

1. Plan for achieving collection targets

a. Mechanism of collection of e-waste:

- i. Consumers can call on toll free number **1800-123-5124** to know about our collection schemes, collection centers & other information related with our products and their disposal after end of life.
- ii. Using this number, consumers get aware about addresses of our PRO/dismantler's collection centers. Consumer can deposit their e-waste at our dismantler's collection centers from where it goes directly to the authorized dismantling unit through dismantler/PRO's logistic partner.
- iii. They can also write their queries about E-waste recycling of our Products at Email:- ewaste@traneindia.com
- iv. Additionally they may also check the details of collection centers and points, our offers and other information regarding E- waste recycling on our website:- <http://www.traneindia.com/E-WasteManagement.html>
- v. PRO's collection centers/ points are covering entire country. Detail of collection centre at Annexure I.
- vi. Through Reverse logistic service, we cover entire country to collect e- waste from collection centers/points/ pickups points (where collection centers are not available) and transport it to our authorized dismantling unit.

b. Schemes for take back/ collection of e-waste from consumers:

We will offer **Exchange scheme, Buy/ take back scheme, Coupons and other schemes** to our consumers on their end of life Products to achieve our target.

2. Total Estimated Budget

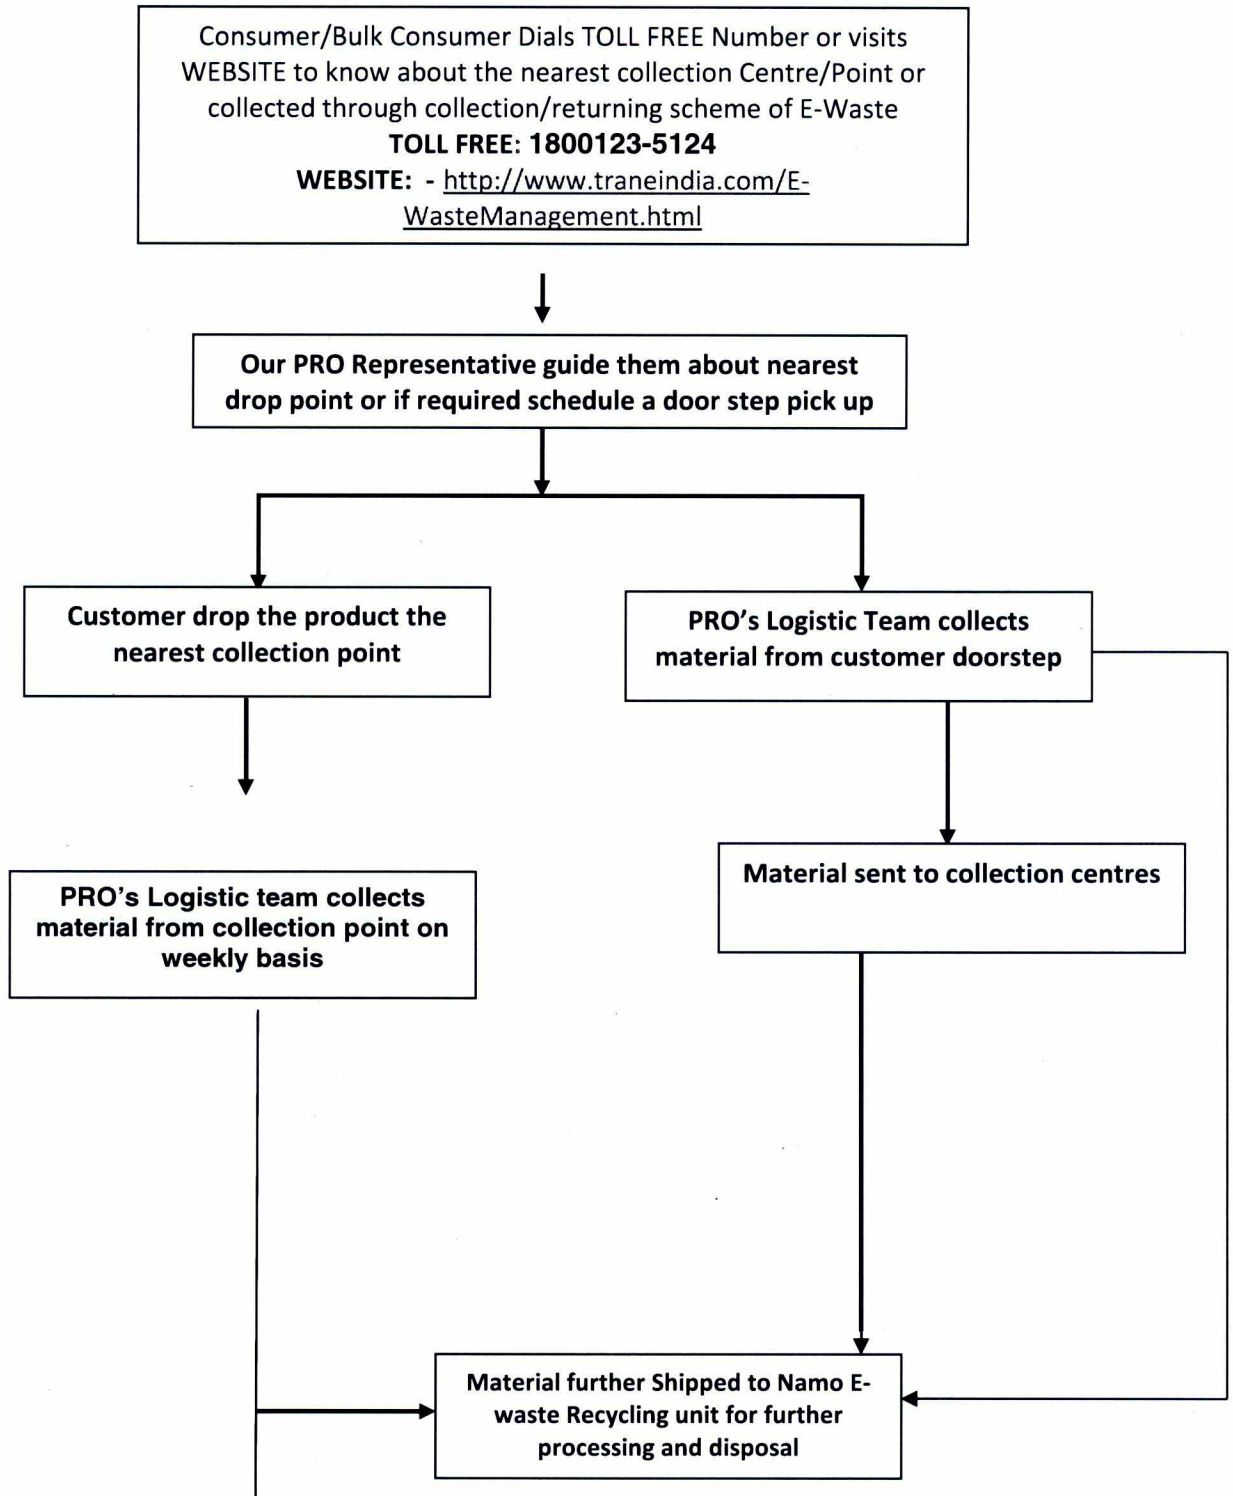

Estimated Budget	Estimated Cost
- Collection Scheme	INR 100,000
- PRO and recycler/dismantler	INR 100,000
- Channelization (Reverse Logistics cost)	INR 50,000
