M/S. SWAROVSKI INDIA PRIVATE LIMITED shall ensure that its recycler will collect and channelize E-Waste (WEEE) generated from its consumers/bulk consumers from any part of the country/ pan India.

COLLECTION FROM RETAIL / BULK CONSUMERS

M/S. SWAROVSKI INDIA PRIVATE LIMITED shall keep record of its sale to various bulk / retail consumers and contact them through the 'Door to Door' contact program me or / by offering drop point services at our service centers at the End of life (EOL) of the equipment sold by us. M/s Global Waste Solution our recycler will facilitate the collection and transportation of E-Waste (WEEE) to its Recycling facility for dismantling and recycling.

6.1. ii.) Scheme may include collection center's/reverse logistic service provider/Courier Service/Recycler/etc.

Our Recycler has collection arrangements to cover entire country for collection of E-waste. We have **Recycler Toll free no. 1800-2707-666** which can be approached by any consumer or bulk consumer for arranging collection of their e-waste by the agents of recycler or by the logistic support team of recycler for collecting E-wasting. **Our Recycler has agreement with transporter name M/s In India cargo movers which can transport E-waste in safe and environmentally sound manner** from consumers/bulk consumers for environmentally sound dismantling and recycling at its dismantling & recycling facilities.

The Recycler has collection arrangements at large city hubs. These collection points/centers will facilitate returns of e-waste by consumer / bulk consumers. In case of areas far away from Collection Points / Centers, a roving mechanism will be established, where in a mobile van shall be sent periodically to such areas so that customers can return their End of life (EOL) products for which announcement/publication of schedule of movement of roving vehicle and coverage of a particular area in a particular day at a particular time will be made through web sites and pamphlets in News Papers of that area where roving mechanism will be arranged.

Retailers employed by the Producers shall also form the forward line of collection of E-Waste (WEEE). They shall be useful for collection of products sold under exchange scheme. The Recycler shall collect the E-Waste (WEEE) directly from the Retailers on the information provided by us.

In very special cases customer shall also be provided the facility of courier services, wherein he will be directed to deposit his product directly with a registered transporter for onward delivery to the Recycling facility.

Purchase of E-Waste from open market Global Waste Solution as a recycler knows the informal recycling market to meet shortfalls in target.

Take back system for collection of E-waste requires setting up of the following: -

COLLECTION POINTS - We M/s SWAROVSKI INDIA PRIVATE LIMITED will be using collection point/ centers established by GLOBAL WASTE SOLUTION presently the collection center's are located at 20 states (list attached).

M/s. GLOBAL WASTE SOLUTION has plan to increase the numbers of collection points in future in addition to the existing collection points as given in attachment.

These are the first line of collection, generally established by the service centers, dealer or distributor. The customer drops his E -Waste (WEEE) at a respective Collection point and is paid a standard incentive for his goods based on prearranged rates. The dealer will ensure that the E -Waste (WEEE) collected by him through returns of WEEE by the consumers of M/s SWAROVSKI INDIA PRIVATE LIMITED WEEE should be channelized to the recycler and there should not be any leakage and there will not be any resale.

Global Waste Solution will pick up E -Waste (WEEE) from a number of collection points periodically or if the quantity of E -Waste (WEEE) is sufficiently large the pickup can take place directly from collection points such as bulk consumer thus avoiding staging of E -Waste (WEEE). Payment for such collections will be done by Global Waste Solution to the Producer

6.2 (i) Provide write up on movement of E-waste from collection onwards to the premises of authorized dismantler or recycler.

Our collection and channelization scheme is centred around consumers/bulk consumers. The collection of e-waste starts from individual consumers either through door to door collection or through pick up on call or through returning/dropping by the consumer to our collection points/centers. For returning/dropping of WEEE by consumer our recycler will regularly organize collection/returning campaign among consumers. Our Dealers, whenever they will receive WEEE from our consumer, will transfer that WEEE to our collection channel. Our recycler will also involve whenever such need arise the informal sectors and employ them as part of our collection schemes for collection of WEEE. Our recycler will also participate in the auctions of e-waste by bulk consumers and channelize the collected e-waste to his dismantling and recycling facilities directly. E-Waste generated at our service centers will also be collected by our recycler for channelization to its dismantling/recycling facilities. The residue generated if any after recycling will be sent to TSDF.

CHANNELIZATION OF E-WASTE TO RECYCLING / DISMANTLING FACILITY

Global Waste Solution as Recycler is responsible for collection of E-Waste (WEEE) and channelizing it to the formal recycling chain. The following is ensured by the recycler.

Logistic Agreement between Recycler and Transporter

Global Waste Solution has desired arrangement for collection of E-Waste (WEEE) from various collection points established by itself and its associated partners through a Logistics Agreement. It also operates a consortium of local transporters for carrying goods in NCR region. It also has understanding with different transporters in various cities for logistic support.
