6. Sh. Kuldeep Singh, AEE, Yamuna Nagar Region, Haryana State Pollution Control Board.

The attendance sheet of Officers and Public men/villagers present during the Public Hearing is annexed as **Annexure-A**.

Copies of the presentation in Hindi of draft EIA of **M/s Om Chem** at V.P.O. Kurali, Sabapur Road, Tehsil-Bilaspur District- Yamunanagar, Haryana were distributed to the officials and other present in the hearing.

At the onset of Public Hearing, Nirmal Kumar, Regional Officer, Yamuna Nagar Region, Haryana State Pollution Control Board, welcomed the Chairperson Smt. Ranjit Kaur, H.C.S., Additional Deputy Commissioner, Yamuna Nagar and other Officers of the District Administration, Panches & Sarpanches of surrounding area and public present in the hearing.

Further formal permission to inaugurate the process of public hearing was granted by the Chairperson Smt. Ranjit Kaur, H.C.S., Additional Deputy Commissioner, Yamuna Nagar. The Regional Officer, HSPCB briefed about the necessity of the public hearing being held under provision of EIA notification of dated 14th September 2006, amended to date and submitted the present unit is

a formaldehyde manufacturing unit and covered at Sr. No. 5 (f) of the Scheduled of the EIA Notification 14.09.2006. He further submitted that the present unit already established for the capacity of 100 MT/Day and for this Consent to Establish (CTE) was granted by the Haryana State Pollution Control Board, but unit failed to obtain the desired Environment Clearance as per EIA Notification 14.09.2006 and consequently closure action under Environment Protection Act 1986 was taken against the unit.

Thereafter, Regional Officer, HSPCB requested project consultant to make the presentation for the project for information of all the people present.

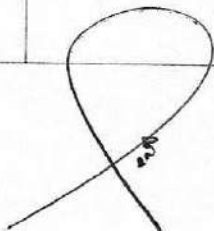

Mr. Pawan Kumar Verma of VardanEnvironet has given the detailed presentation as under:

He informed that an application was filed by **M/s. Om Chem** with the MoEF&CC, New Delhi for getting Environmental Clearance under EIA notification no. 1533 (E) dated 14.9.2006 for Proposed Capacity Expansion in Formaldehyde Manufacturing Unit in Existing Facility from 100 TPD to 200 TPD at V.P.O. Kurali, Sabapur Road, Tehsil-BilaspurDistrict- Yamunanagar, Haryana.

After considering the application of the project, the MoEF&CC, New Delhi had issued 'Terms of Reference' to the project for preparation of draft EIA study report. Now, the proponent has submitted draft EIA report to the Haryana State Pollution Control Board for conducting public hearing of the project as per the procedure prescribed in the EIA Notification dated 14.09.2006.

Mr. Pawan Kumar Verma, Senior Manager, EIA of M/s VardanEnvironet, Environmental Consultant of the project proponent brought out the details of the project before the public. The following questions were raised:-

S. No	Name&Address ofthe Person	Detail of query/statement/informat ion/Clarification sought;by the person present	Reply of the query/statement/information/ clarification given by theproject proponent.
1.	Shri Jagir Singh, Ex SarpanchBhogpur Kurali	What will be the impact on ground water table of the nearby villages due to waste water generated from the said industrial unit?	PP Sh. Pawan Kumar replied that there will be no impact on Trade Effluent generated from the process. Only domestic effluent will be generated, which will be disposed through the septic tanks and soak pit. The ground water extracted from the process will be 100% used and remaining

			waste is to be evaporated through evaporator and residues are to be disposed at the Hazardous waste site. No water is discharged into the ground.
2.	Shri Naresh, Village Sabbi	What is the procedure to check whether unit is operating as per norms or not?	The Regional Officer, HSPCB, Yamuna Nagar replied that annual inspections of such units are conducted which are covered under MoEF, Govt. of India and the project proponent also required to submit half yearly compliance report to HSPCB, which includes sample report of ground water and soil. And if found that the quality of soil and ground water is deteriorated due to said industrial unit then action will be taken against the unit.
3.	Shri Naresh, Village Sabbi	Generally there is news in the local newspapers that the quality of ground water is deteriorated?	The Regional Officer, HSPCB, Yamuna Nagar replied that methanol is used in the process which is a petroleum product and stored in underground tanks after obtaining permission from Explosive department. Methanol is a reacted with water in presence of silver to form formaldehyde. Sh. Binit Kumar, Jha, Plant Designer further submitted that in the process water is 100% used and no waste water generated and discharged outside the factory so there is no chances of discharging water into ground.
4.	Sh. Tilak Raj, Village Kurali	What will be the job opportunities to local youth in the project?	Mr. Abhishek Garg, Director has replied that most of worker will be appointed locally based on education and technical qualification. He requested to youth of the area to contact with plant authority for the same.
5.	Shri Anil Sandhu, VP ZilaParishad	We welcome the project with following suggestions: 1-Arrangement for regular inspection of Plant by the local committee of village 2- Not to park vehicle of village road 3-Lightning arrangement for night 4- Road side Plantation	Mr. Abhishek Garg, Directorreplied that no vehicle are parked outside the unit premises and lighting arrangements are also made. Tree plantation is done around the periphery of the unit. PP agreed to provide Computer Laboratory in the GP school, road site plantation, providing road side solar panel under its CSR Initiative. Further, Mr. Abhishek Garg, Director agreed to comply with the suggestion
