2. Sh. Sh. Lakshay Sharma

The following representative of EIA Consultants of Eco Paryavaran Laboratories & Consultants Pvt. Ltd. (QCI-NABET Approved EIA Consultant)

1. Mrs. Harmanpreet Kaur
2. Mr. Ajay Verma

Mrs. Harmanpreet Kaur, conveyed her invitation to the Deputy Commissioner, Regional Officer, Mining Officer and Public Health Department Officers and Tehsildar for their august presence at the Public Hearing. She has presented the Project Synopsis and EIA study with a PowerPoint Presentation to the public present at the occasion. She has briefed about the salient features of the project, the baseline observations, impacts and mitigation measures undertaken and proposed by the project proponent. The essence of her presentation consists:

1. The proposed project involves mining of mineral i.e. sand from the bed of river Yamuna, at a part of Village- Bega Tehsil- Ganaur & District: Sonipat, State: Haryana from an auctioned area of 51.15 Ha.
2. The total cost of the project is Rs. 3.89 Crores. Industry will also provide the employment to about 106 persons from the nearby area based on their eligibility.
3. The applicant, has applied for Environmental Clearance on 25.04.2024 at MoEFCC, GoI and the SEIAA, Haryana had considered the application and granted Terms of Reference (TOR), vide File No. SEAC/HR/2024/102 dated 30.08.2024 and also asked to conduct the public hearing on this project. Accordingly, the public hearing is being carried out today at this place.
4. It was presented that the mine location does not fall under any sensitive zone.
5. The mining proposed by opencast semi- mechanized method without drilling and blasting.
6. It will start from one end (higher level) to other end (lower level) phase wise/ bench wise going to the maximum depth of 3.0 m bgl or above ground water level whichever is less.
7. The minor mineral i.e. sand is proposed to be excavated by backhoe type excavator and directly loading in to trucks/dumpers & dispatch to market.
8. The loading of the mineral shall be mechanical while transport of mineral from river bed shall be done by tarpaulin covered private trucks/ dumper operators.
9. Water sprinklers will be used to mitigate the generation of dust.
10. Total lease area is replenishable yearly.
11. Mineral extraction will be done for a period of about 285 days in a year.
12. About 10.0 KLD approx. water will be required for Drinking & Dust Suppression / Plantation & Source: Tankers.
13. Out of 51.15 Ha lease area, 16.96 ha area will be covered under Greenbelt/Plantation. In consultation with village Panchayat, plantation will be done along the roads, in schools and public building and other social forestry programme.
14. Adequate measures will be adopted to minimize the impact of pollutants generated from mining activities.

Smt. Harman anticipated that the management will put all efforts to implement the suggestions given in EIA Report. There will not be any pollution problem from this mining. She then sought public opinion on the project and express willingness to clarify their queries. Smt. Harman, Consultant asked the public to submit their queries/ suggestions.

Pointwise Questions and Reply presented to the Public

S.No.	Questions	Replies
1	Sh. Soamveer R/o Village Bega, asked about the employment to be given to the villagers and plantation proposed.	<u>Reply by Consultant-</u> On the basis of eligibility, employment to about 106 persons will be given to the villagers of nearby villages. Plantation/ Greenbelt will be developed in consultation with Village Panchayat in about 16.96 Ha area. Native species, fruit bearing, medicinal plants etc. will be preferred for plantation.
2	Sh. Inder Pal, R/o Village Bega, told that there are too many deep holes on the village roads, who will repair them. Transportation during mining will worsen the condition of roads.	<u>Reply by Consultant-</u> Transportation will not be done through the village roads. Road outside the village has been proposed for vehicular transportation. Under EMP, road repair work will be carried out from time to time.
3	Sh. Soamveer R/o Village Bega, transportation through trucks should be from outside the village roads.	<u>Reply by Consultant -</u> Transportation will not be done through the village roads. Road outside the village has been proposed for vehicular transportation.
4	Sh. Inder Pal R/o Village Bega, said that sand to the villagers should be given free of cost for construction of their houses.	<u>Reply by Deputy Commissioner-</u> At discounted price, sand will be given to the local villagers as per understanding between the Miner and Villagers. There is no provision to provide the sand free of cost to anyone.
5	Sh. Angrej Nayak, R/o Village Bega, transportation route for vehicles carrying mining materials should not be through the internal roads of village.	<u>Reply by Consultant -</u> Transportation route will avoid the internal village roads and Phirni. Separate route will be adopted for vehicular transportation.
6	Sh. Numberdar, Village Bega, he welcomed the proposal and informed that it will generate employment to the local villagers and further will be beneficial for development of village.	<u>Reply by Consultant -</u> Thanked him.
